Dist. 117 ponders space limitations

by DENISE ANN STRZALKA
Lakeland Newspapers

The growth and development advisory committee to the board of education has devised 13 possible alternatives to resolving space limitations for Antioch School Dist. 117.

The committee consists of 25 citizens within the community who have volunteered to assist the board in making critical decisions on the future of the educational environment.

According to the growth committee, the board of education can choose to implement the following: purchase or

lease portable classrooms, relocate the administration, tuition students, have nine period days, or splits shifts. These short-term alternatives would provide for immediate relief and could be implemented faster.

"The board of education will probably try short term alternatives first, since it is less expensive," said Dist. 117 Principal Arthur Blecke.

The committee considers the relocation of administration, the purchase or lease portable classrooms and having nine period days to be the most acceptable short term alternatives.

Other options studied that would provide for a more permanent solution, but would take the most time to implement, are unit districts, detachment of property, combine with another district, have school for 12 months instead of nine, develop a freshman campus, have two high schools, build a new high school, or remodel and add on to the present school building.

The growth and development advisory committee strongly supports the concept of retaining a single high school in the district.

It has been suggested by the

committee to build a new high school and use the existing high school for a junior high for the surrounding elementary school districts such as Antioch School Dist. 34, Lake Villa Dist. 41, Grass Lake Dist. 33, and Emmons's School Dist. 34.

According to Principal Blecke, the high school would then be divided into a different section for each of the districts. He said, "This would save the taxpayers money because the districts wouldn't have to build high schools or more grade schools. Lake Villa has already expressed an interest in this idea. It would be an advantage to the districts, except for transportation."

Blecke also said if the board of education decided to accept this alternative it would take about three years, maybe longer, to build a new high school. First, money for the project would have to be obtained through a referendum, then there is the actual construction of the school building.

He has estimated that \$12 million is needed to support the construction. "In 1970, the addition, which was half of the building, cost \$2.6 million. It took about 12 years for the taxpayers' money to pay it off. Prices has gone up since then so it maybe even higher than \$12 million now."

The committee also finds having two high schools, a freshman campus, or remodeling or adding an addition to the present building acceptable alternatives.

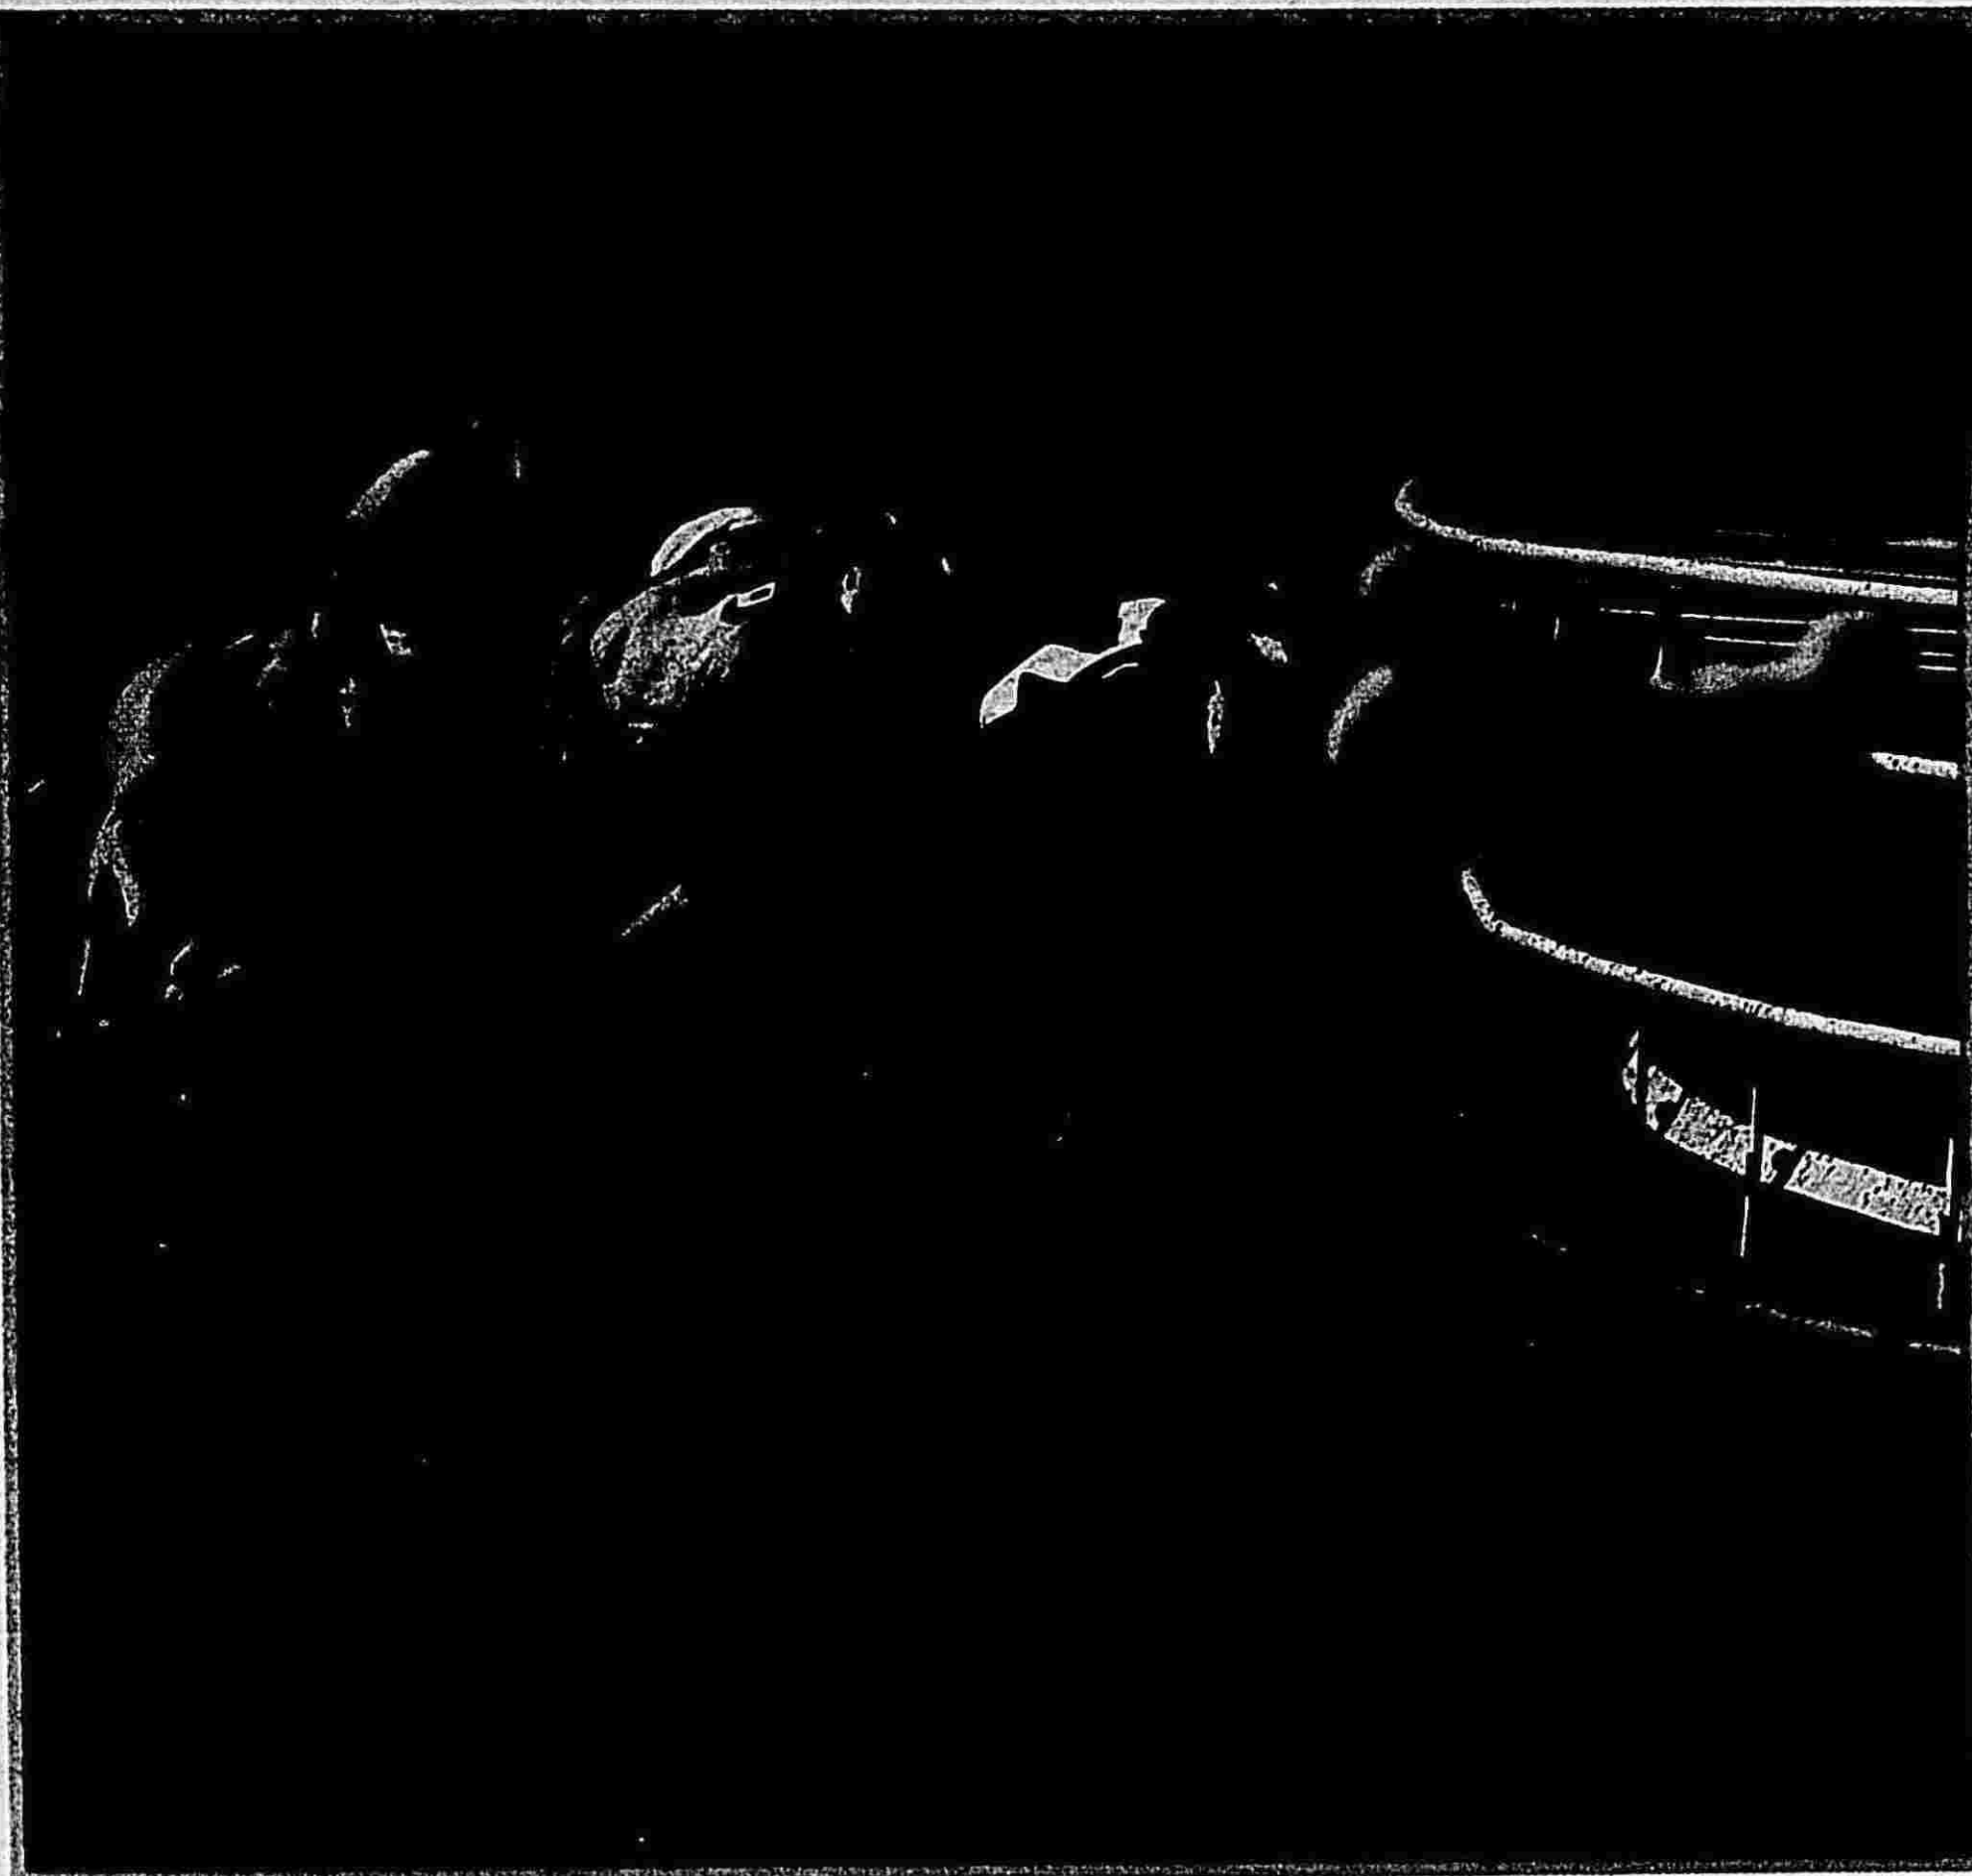

At present, no action has been taken by the board of education on any of these alternatives. According to Blecke, the board won't start discussing them until the next school year, because that is when the incoming freshman will increase the enrollment figures.

Registration for Vikings set for Aug. 4,6

Registration for Antioch Viking Youth Football continues. The remaining registration dates are Friday, Aug. 3 from 6 to 9 p.m. in Antioch, at the Scout House on Main St., next to the Antioch Public Library.

Registration will also be held Saturday, Aug. 4, from noon to 3 p.m., and Monday through Thursday, Aug. 6 to 9, at Antioch Community High School (Polley Field).

Registration is open to boys entering fifth through eighth grades during the fall semester, and must be under 15 years of ages as of Nov. 5, 1990.

Fans going to the dogs

It's no secret that the latest big draw, pulling bettors from Chicago to Milwaukee, are two new dog race tracks in southeastern Wisconsin. Geneva Lakes in Delavan and Dairyland Greyhound in Kenosha lead the pack in racing favorites. Story in Weekend tells more about influx of racing events in northern Illinois and southeastern Wisconsin. — Photo by Joe Shuman

Space simulation program looks for grant, expansion

by BECKY JOHNS
Lakeland Newspapers

Last May's Central Project: Space Simulation was such a success that organizers are looking for additional funding to expand and improve the program.

The Lake County Business Industry Education Consortium (LCBIEC), which sponsored Central Project: Space Simulation, aims to use the space theme to provide students with a hands-on learning opportunity they can take back into the classroom.

"The bottom line is we are teaching students the importance of science, math and technology, and we're using the space medium to do it," said Jerry Gudauskas, executive director for LCBIEC. "They're doing things that a regular classroom does not do but should."

LCBIEC is proposing a four-year developmental project in which students learn about video communications, computers, space food and clothing, designing and constructing space habitats, public relations, security, experiments, space medicine and weather.

"It's a real hands-on experience, rather than just reading the textbook," said Gudauskas.

"It's not just for the math and science kids, it's for the whole school," said Don Full of the Illinois State Board of Education.

The consortium is looking for a partnership grant from the Illinois State Board of Education under the Science, Math and Technology Literacy Project and possibly the Federal Dept. of Education. Through these grants it hopes to reach more students and improve operations for next year's simulation, planned for February.

Grant money will be used to double the number of space habitats, improve communications between the schools during the project, and create a mobile mission laboratory.

Full said at this point there is a good possibility the state's Science, Math and Technology Literacy Project will be funded again but was not at liberty to discuss the LCBIEC's proposal.

Central Project: Space Simulation is for schools across Lake County. LCBIEC should hear some news of the progress of the federal grant by the end of September and the state grant sometime this week.

NO COST FOOT SURGERY

We'll Help Foot The Bill

If you have medical insurance, your surgery will cost you absolutely nothing.*

Don't suffer with bunions and other foot problems. Find out how you can get back on your feet fast—and at no cost!

Laser Beam Technique is the most sophisticated treatment available for problems such as warts, fungus and ingrown toenails, certain calluses and neuromas (nerve tumors). It replaces the surgical scalpel with a concentrated beam of light that penetrates the troubled area.

Advanced Surgi-Care Technique has been proven effective for treating bunions, hammertoes, corns, calluses and heel spurs. This office procedure minimizes pain and speeds recovery. No pins, casts or hospitalization are necessary.

Call Today For Your Free Foot Consultation.

The first step is our no cost** examination.

Bring this coupon with you to your first appointment and there will be no charge for your first examination (excluding X-rays**). If surgery is required, Advanced Podiatry Group will provide the following fee arrangement:

1. For those patients with medical insurance, the entire deductible will be waived.
2. If the patient belongs to an HMO or has no insurance, either a 50% surgical cost reduction will be granted, or a special fee arrangement will be made on an individual basis.

FOREMOST IN FOOT CARE

**PUBLIC NOTICE
VILLAGE OF GRAYSLAKE
LAKE COUNTY, ILLINOIS
NOTICE TO BIDDERS**

The Village of Grayslake will receive sealed bids from Contractors for the Construction of the following project to be located entirely within and for the Village of Grayslake in the Village Council Chambers located in the Village Hall, 164 Hawley Street, until 3:00 P.M. on Thursday, September 13, 1990. Following which they will be publicly opened and read.

It is anticipated that a contract will be awarded at the regularly scheduled meeting of the Grayslake Village Board to be held on Tuesday, September 18, 1990.

1. RESERVOIR AND PUMPING STATION including a 3,300,000 gallon capacity below grade reinforced concrete reservoir; Pumping Station with five (5) pumps and motors ranging from 750 GPM to 3000 GPM, instrumentation and telemetry, power wiring and electrical system; chlorination system; diesel driven standby electric generator; sanitary sewer and storm sewer with interior and exterior sump pumps; supply and discharge water piping, both interior and exterior, with fittings, valves, check valves and appurtenant items and float valves, supervisory control and data acquisition system, paving; and landscaping to be located at a Village of Grayslake owned site immediately east of Well No. 4 between Old Center Street and New Center Street.

The Contractor is to guarantee his bid for a period of sixty (60) calendar days from the date of receipt of bids.

It is understood that the Contractor is to furnish a surety bond and labor and material payment bond in the full amount of the contract for the faithful performance thereof, in the name of the Village of Grayslake, and to carry the necessary Public Liability and Worker's Compensation Insurance to protect the Village of Grayslake, Engineer, and the Architect from any claims which may arise during construction and to submit acceptable Certificates of Insurance naming the Village of Grayslake, and the Engineer and Architect as Additional Insureds. Not less than a prevailing wage shall be paid for labor on the work to be done as required by law. The rates for the various phases of work contemplated shall be in accordance with the prevailing wage scale. The Contractor will be required to comply with all applicable federal, state and local laws pertaining to employment.

It is understood that the Contractor is to be paid in CASH from Bond Proceeds by the Village of Grayslake.

The Village of Grayslake reserves the right to reject any or all bids, or to make an award which, in its opinion, is for the best interest of the Village. The contractor is to deposit a certified check, cash or a bid bond in the amount of ten percent (10%) of his bid.

Copies of the plans, specifications and proposals for said work are on file for viewing at the office of the Village of Grayslake located in the Village Hall, 164 Hawley Street, and are available at the office of the Consulting Engineer, Midwest Consulting Engineers, Inc., 5151 North Harlem Avenue, Chicago, Illinois 60656, telephone: 312-792-1100, upon payment of a \$100.00 non-refundable charge.

A pre-bid meeting will be held at the Grayslake Village Hall on Monday, August 27, 1990 at 10:00 A.M. to discuss and review the project and to respond to contractor inquiries. The meeting will be followed by a tour of existing Village facilities and the project site.

No bidding documents will be issued after 4:00 P.M. on Monday, August 27, 1990.

Residents to handle Loon Lake's water level problem

by DENISE ANN STRZALKA
Lakeland Newspapers

Residents of Loon Lake have to take matters into their own hands to come up

with a solution to the decreasing water level of the lake.

After meeting with the Antioch Engineer John Bolt, Loon Lakes Mgmt.

Assn. President John Bambule said the dam does not control how fast the water flows through the lake.

Last week, the association was informed by the village that the dam was not a contributing factor to the decreasing water level at Loon Lake because there is a 21-foot difference between the dam and Rte. 173.

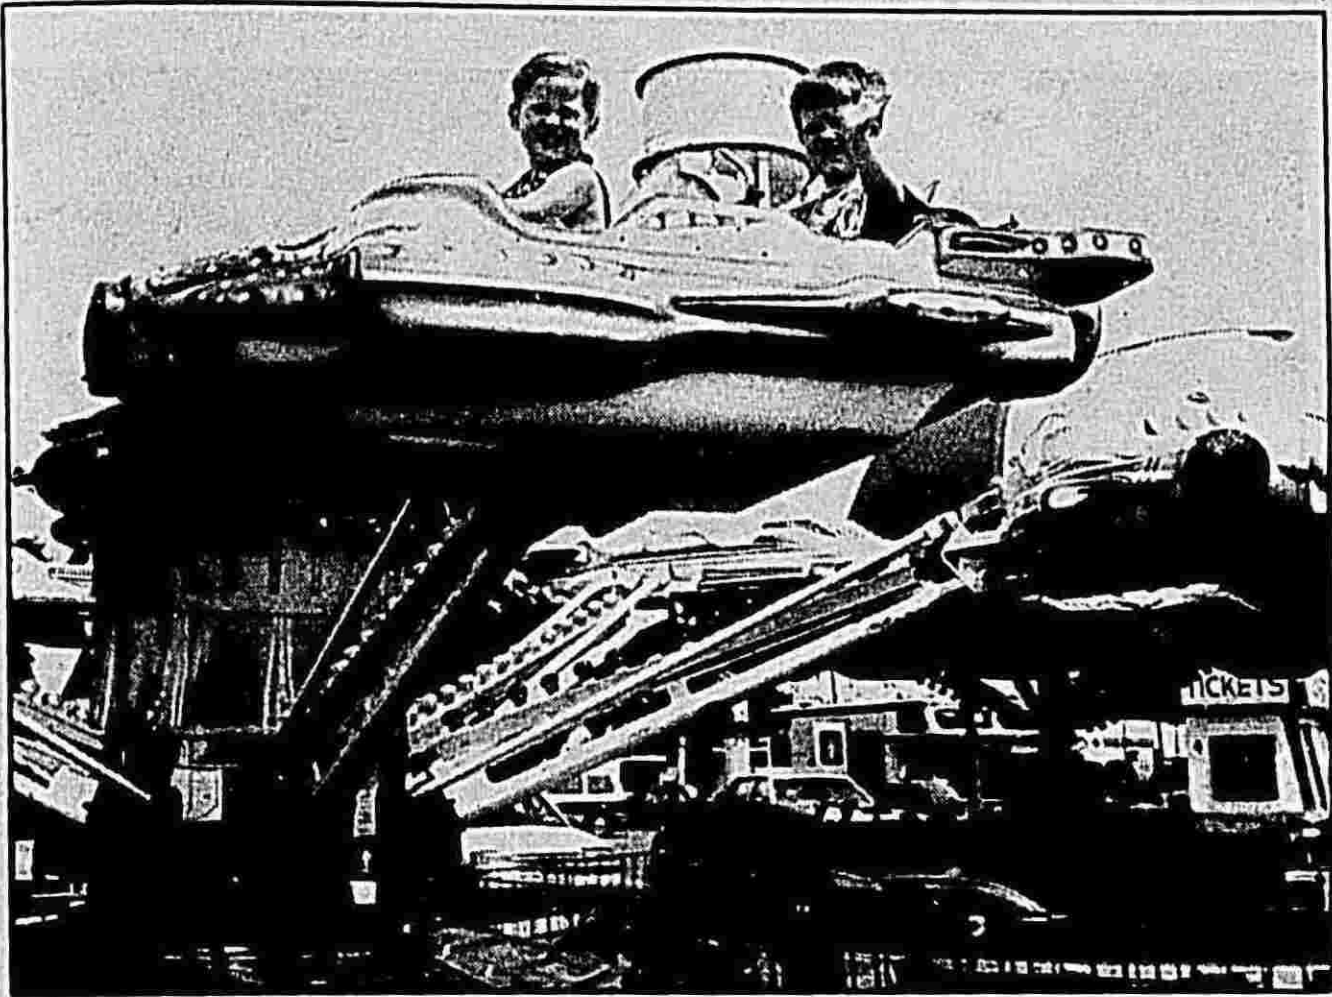

Bambule had thought that even though the dam didn't control the height of the water that maybe it controlled how quickly the water flowed out of the lake.

The village had responded to the association after residents complained the water level of the lake had been decreasing every year since the dam at Sequoit Creek was taken out in 1987, the year of the

flood. The dam was removed, according to village officials, because it was blocking storm waters from flowing into the storm sewer lines on the south side of Antioch.

Since the dam is no longer a factor in any respect, the association has comprised an environmental committee consisting of members of the homeowners association, to look into how home owners can control the water level of Loon Lake. Vice-President of the Loon Lake Mgmt. Assn. Mike Summer is the chairman of the committee.

The committee will work with the Army Corp of Engineers and Lake County Health Dept. to set up guidelines the association should follow to control and maintain the lake's water level.

Around and around we go

After their mothers had finished shopping for bargains at Maxwell St. Days, Michelle Schaufel and her friend, Mickey Powers enjoyed a spin on the children's airplane ride at the carnival. The carnival was located in the municipal parking lot on Toft Ave and it was part of the Maxwell St. Day's program.—Photo by Denise Ann Strzalka.

Vikings need insurance

by DENISE ANN STRZALKA
Lakeland Newspapers

The Antioch Youth Viking football team wants more protection than knee pads and football helmets, so it has asked the village to carry the team on the village's insurance policy.

At present, the Viking football team has no insurance coverage for the administrators, the team players, or the concession stands.

Up to this point, parents have just been signing waivers stating the team can't be held liable for any injuries acquired during practices or games.

Football administrators have found the

costs of carrying their own insurance policy to be astronomical. For the 160 kids that are currently enrolled in the program, it would cost \$1,800 a month, according to coach Pat Patstoll.

The main concern here is that registration fees have been kept to a minimum over the past 15-20 years and the team doesn't want to see fees raised to accommodate for insurance coverage.

The village is considering the request, but before any decision can be made, the board must determine if the football program would have to be incorporated into a village program in order to qualify.

Forest board will pursue Red Wing Marsh buy

The 37 acres of the Red Wing Marsh in Antioch Twp. were designated for acquisition by the Lake County Forest Preserve Board last week.

The board's majority had defeated a motion to have the matter referred back to the Land Acquisition and Preservation Committee by a 14-8 vote and then voted to approve the designation 14-7.

Dist. 4 member James Fields, who grew up in the area, voted for the referral back to committee and against the designation along with Charlotte Kiesgen, another Dist. 4 representative. Voting for the designation from Dist. 4 were Suzi Schmidt and Norm Geary.

One board member suggested having the Village of Antioch contribute 10 percent of the purchase price of the land as the board had done with the Thorngate designation in the southeast part of the

county. That purchase hinges on Riverwoods and Deefield contributions of \$2.5 million. The suggestion was later withdrawn.

"I see this as another attempt to get our foot in the door," Kiesgen said.

Fields explained the district is not getting all the available wetlands. Some board members suggested the area be expanded to include all the wetlands, but other members said that was not in the proposal from a willing seller. Fields motioned to send the matter to the Forest Preserve Land Acquisition Committee to study possibly acquiring more wetlands and to discuss the matter with the village of Antioch.

Board member F.T. "Mike" Graham, chairman of the Land Acquisition and Preservation Committee, called the land "one of the most valuable ecological

pieces in the state. It seems to be a bargain buy," he said.

There are no homes on the property.

There was much discussion about the drainage issue. Forest staffer Al Westerman said the drainage is very complicated due to a dam being built 30 years ago.

Fields said the area in part drains to the southwest. "Rte. 173 flooded only once when the dam had to be released," he said. Fields suggested leaving five acres out of the purchase. "We will have nothing but problems with this property. I don't see any reason for the Forest Preserve to purchase this property. It is not money well spent."

"It is important that this is a willing seller," Bobbie O'Reilly of Dist. 6 said.

The land had not been appraised, but it was pointed out that land owners to the north of the land in question were seeking \$6,000 to \$8,000 an acre from the State of Illinois.

Schmidt said the village of Antioch is interested in working with the Forest Preserve. Antioch Atty. Kenneth Clark echoed similar desires on the part of the village board.

Graham said Red Wing Marsh was being considered by the Land Acquisition

and Preservation Committee "only because it is so environmentally sensitive."

One Antioch resident said there is support in the area for designation.

Board member John Balen of Dist. 2 recalled the battle the Forest Preserve and the village of Antioch had over the land.

"We sought this thing and it went downhill. The Forest Preserve was castigated many times over as a cruel body of people who have no soul or conscience and we would take everybody's land. We are not designating this land for today or next week or even a year from now. I hope, 100 years from now, when the population may be 100 million people, that some resident at some time will say, 'God bless those people back in 1990 that they bought some land because all I have here is a parking lot.' Let us go on with our mission as a Forest Preserve; the only taxing body in this county that can only preserve a small percentage of the open space, environment that will produce a quality of life in this government. We are neglecting future generations," Balen said.

"It is important for us to take that site," he added. The Forest Preserve cannot cross Rte. 173 because of the village of Antioch, according to Balen.

Emmons gets ready for school year ahead

Emmons School will hold registration for all students for the 1990-91 school year on Monday, Aug. 20 and Tuesday, Aug. 21, from 9 a.m. until 3 p.m. at the school office.

Fee schedule is \$18 for kindergartners, and \$30 for first through eighth graders. The yearly milk fee for two percent milk is \$14 and should be paid at this time also.

Kindergartners, fifth graders, and new students must have completed physical examination forms to register. Kindergartners must show a birth

certificate at the time of registration.

Milk and lunch applications will be available at registration. Diagnostic screening for children with special needs is available through special education facilities. Contact the superintendent for further information.

The first day of school for grades one through eight is Tuesday, Aug. 28 from 8:30 to 11:15 a.m. Bus schedules will be available at registration.

For additional information call Emmons School at (708)395-1105.

Grass Lake School District 36 appoints superintendent

Grass Lake School Dist. 36 has appointed Dr. Ruth Bill, former principal of Indian Spring Elementary School in Justice, Ill., to the position of superintendent.

"I definitely like the school board, because they are interested in educating students," Bill said.

Dr. Bill, who is replacing Anthony Przeklasa, who resigned earlier this year.

"I accepted the position, because I needed the challenge. I needed to stretch more to gain personal growth," Bill said.

Dr. Bill's goals are to work on better lines of communication with the board of education, to computerize office and school records, and to review and update school district policies.

In February, Bill was named one of the hundred best and brightest executive educators throughout North America. Also she will be representing the state of

Illinois at the Distinguish Elementary Principal award ceremony in Washington D.C., in October.

Antioch Waves claim conference medals

Nine Antioch Waves swimmers came away with medals Saturday, at the North Central Illinois Swim Conference Championships hosted by the Dekalb County Swim Team at the Sycamore Pool.

The Antioch Swim Team, under the sponsorship of the State Bank of Antioch, placed eighth overall in the 10-team conference, which included teams from Cary, Crystal Lake, Dekalb, Fox Point, Fox Trails, McHenry, Plum Grove, and Woodstock. The Woodstock Dolphins won the event with a total score of 1440.5 points.

Kelly Williams led Antioch's 9-10

girls to an overall third place finish for their age group, with victories in the 50 meter breast stroke and the 100 meter individual medley, and second place finish in the 50 meter butterfly stroke.

Other first place winners included two 8 years olds, Ryan Rothermel and Colleen Walsh. Rothermel snatched his 25 meter breaststroke victory by one hundredth of a second, prior to taking a second place medal in the 50 meter freestyle. Walsh was first in the 25 meter butterfly and third in the 25 meter backstroke. Brian Murphy was the only other top finisher for the Waves, taking first place honors in

the 11-12 50 meter backstroke.

Carmina Garcia Cristobal and Roger Behm also came away with multiple medals in Saturday's meet. Cristobal placed seconds in the 15 and over girls 100 meter backstroke and butterfly stroke. Behm took fourth in the 14-14 boys 50

meter freestyle and fifth in the 50 meter butterfly stroke.

Other wave medalists included Gwen Jackson, third in the 50 meter backstroke, Paul Johnson, third in the 50 meter breaststroke, and Kimberly Meyer, fourth in the 25 meter breaststroke.

Ornament to honor rescue squad

The Antioch Junior Woman's Club announces its 1990 pewter Christmas tree ornament will go on sale beginning Aug. 1 at local Antioch area businesses and financial institutions.

The ornament, the fourth in annual series honoring Antioch landmarks, departs from tradition to celebrate the Antioch Rescue Squad's 50th Anniversary with a depiction of the original 1940 rescue truck.

The Antioch Junior Woman's Club is proud to honor this volunteer

organization, which provides the highest level of 24-hour medical emergency service to the residents of Antioch Township.

The ornaments will sell for \$5 each and are available at the Antioch Junior Woman's Club Booth at the Lions Farmer Picnic on Aug. 5, Antioch Village Hall, State Bank of Antioch, First National Bank of Antioch, Jack's Four Squires, Antioch Family Sports Center, The Globe, Johnson Jewelers, Antioch True Value Hardware, Antioch Wallcoverings, and County Coverings in Lake Villa.

Replacing sewer lines

Antioch's Sewer and Water Dept. work diligently on Cedar St. over by Piggly Wiggly, to replace sewer lines that are cracked, which have been causing sewers to back up.

Lizard launches into wrong, right opinions

Lizard's Opinions

I'd like to head this portion of the column "Lizard's Opinion," and in fact I did. I recently sat in the audience of a meeting and what I heard and observed there as a visitor prompted me to write the following. As you continue reading, I would like to explain what I feel my opinion is. To me, my opinion, on this or any subject, simply means my version or perception of things. It doesn't necessarily mean it is a right or wrong version. It also doesn't mean everyone or even anyone else needs to agree with it. To continue — at this meeting called to order to benefit our young people, I observed petty bickering, power plays, and a lot of energies being put forth in an attempt to prove who was right and who was wrong.

I often wonder why someone always has to be right or wrong! To me it would be an awful boring world if we all looked alike and thought alike. In my opinion the majority of the people present lost sight of the real reason why they had all gathered in one room.

I heard an awful lot of good ideas being tossed back and forth. However, most of the good ideas were falling on deaf ears because, in my opinion, the importance was placed on not what was being said, but who was saying it.

For example, let's say "The Lizard" happens to know two people who each own one of two identical oil paintings. One of these people is more favored by me, so I guess it must follow that one of those paintings has to be prettier or better than the other. Right? Wrong? I say wrong!! In my opinion, they are both good paintings as it shouldn't

matter who they belong too.

In other words as good idea should be a good idea no matter where it originates. I walked out of the meeting with a sad, frustrated feeling. Personally I question why I wasted my time going.

I commented to a few people that once again I saw something that reinforced one of my personal philosophies, "When the so-called adults in this world get their acts together, maybe then and only then, the young people in our society will be okay!!"

Think about it, people. Where does the drug and alcohol abuse in our society begin. In my opinion it begins at the adult level and filters down toward the kids. I often wonder who the first person was who came up with the "lousy" idea of making money from the sale of drugs and alcohol. Who is selling it to our kids now? I venture to guess a young person, or for that matter an old person, looking to do drugs or to consume alcohol won't be turning to a five year old for his/her supply. In closing I'd like to say in some instances it may definitely be better for our youths to "Do as adults say rather than as they do," because often times we do the wrong things, like going to a meeting intended to solve problems and instead contribute to creating them by losing sight of issues at hand.

Sorry for the lecture, people! I too, am often guilty of making mistakes and losing sight of issues. To end "Lizard's Opinion" on a happy note, I do have faith that all those present at that particular meeting will put themselves back on track and come up with tons

of ways to work together for the good of our young people and our community. Hang in there. It is a good idea and with energies being concentrated in making it work it will. Do not under

setting. The following moms and tots took advantage of Gail's hospitality and also enjoyed the opportunity to see Gail's beautiful home: Cindy (mom), Chris, and

album of the house before and after Gail and her husband added on and renovated what was originally a small older home.

The ladies decided that on another hot summer day they would all gather at Silver Lake Beach to picnic, swim, and relax. I suggest you all bring your umbrellas and be prepared to pack up and leave as Gail seems to bring rain to all Silver Lake outings, at least we tease her about doing this.

Mary Turner is working on keeping Camp Crayon in session for years to come, as she is expecting her third baby. Congratulations, Mary, as you know, the expected little one will be in good hands with Miss Marie when the time comes.

Birthday/Anniversary
I will end this week's

column with August birthday and anniversary wishes to the following people. Happy Birthday to Janet Dillard, Matt Vogel, Tami Edelman, Nicky Rossi, Kristin Franzen, Cindy Jones, Shahnaz Hanson, Toni Santiemmo, Liz Naughton, Matt Fleming, Christine Foerster, Danny Marsich, Chris Marquart, Ray Brausam, Judy Fechtner, Jamie Seputis, Chris Dogan, and Raymond Liss (who will be turning fifty). Happy Aug. 10 anniversary to Bob and Darlene Olenick; Aug. 5 to Lori and Mike Christopolus; Aug. 28 to Al and Cindy Vandrush; Aug. 29 to Ardeen and Jim Harris; Aug. 29 to Pat and Chuck Sherwood; Aug. 20 to Keith and Judy Hansen; and Aug. 21 to June and Ken Hansen. Looks like Antioch will be busy with parties this month!

Hometown Goodies

estimate the powers of positive thinking!
Beautiful House

Gail Lindstrom recently hosted a relaxing summer get together for some fellow Camp Crayon mom's and tots. Naturally, the little ones were all excited at seeing Miss Marie in a setting separate from the camp and Miss Marie tells me she in turn enjoyed visiting with the little ones away from the camp

Tommy Marquart; Mary (mom), Andy and Katie Turner; Kelley (mom), Adam and Ian Gronau; Sheila (mom), Danny and Mary Kate Dvorak.

Naturally it follows that Bradley and Eddie Lindstrom had a fun day visiting with all of their Camp Crayon buddies. My sources tell me that Gail's house went above and beyond beautiful and everyone enjoyed browsing through a photo

New Arrivals

Ryan Douglas Mehaffey

A son, Ryan Douglas, was born June 15 at Good Shepherd Hospital to Chris and Teresa Mehaffey of Antioch. Grandparents are Wally and Betty Podlin of Antioch, Jack and Mary Jean Mehaffey of Antioch. Great grandparents are Belva Mehaffey of Brainerd, Minn., and Cecy Gaskins of Brooksville, Fla.

Brittani June Bury

A daughter, Brittani June, was born July 15 at Victory Memorial Hospital to Mr. and Mrs. Graham Bury of Antioch.

Ryne Michael Masopust

A son, Ryne Michael, was born July 16 at Lake Forest Hospital to

Katherine and Michael Masopust of Antioch. He has a sister Kristin, 5. Grandparents are Karyn and Les Geist of Antioch and Diane Shunnesson of Bristol, Wis. Great grandfather is Gordon Silianoff of Antioch.

Cody Ryan Ksioszk

A daughter, Cody Ryan, was born June 23 at St. Therese Hospital to Michael and Mary Ksioszk of Wadsworth. She has a brother Lukas, 2 1/2 and a sister, Courtney, 4. Grandparents are Mr. and Mrs. W. Roy Bonner of Wadsworth and Frances Ksioszk of Antioch. Great grandparents are Mr. and Mrs. Anthony Wirtel of Chicago.

Kaitlyn Patricia Mesnard

A daughter, Kaitlyn Patricia, was born June 2 at Resurrection Hospital

to Kim and Joseph Mesnard of Antioch. Grandparents are Ralph and Patricia Usterbowski of Antioch and Robert and Judy Casey of Des Plaines.

Paula Rose Abbate

A daughter, Paula Rose, was born July 4 at Condell Medical Center to Luigi and Laura Abbate of Antioch. She has two sisters, Christina, 6 and Amanda, 2. Grandparents are Tony and Dierdre Abbate of Antioch, Bonnie Schneider of Antioch. Great grandmothers are Paula Wilson of Chicago and Irene Fischer of Antioch.

Nicholas George Wietor

A son, Nicholas George, was born July 7 at Rush North Shore Medical Center to Colleen and Tracey Wietor of Ingleside. Grandparents are Patricia and Michael Wietor of Davis, Fla., Margaret and the late Carl Teichman.

Gas lights for Windmill Creek?

Windmill Creek's developer has asked for the village's permission to install gas street lights within the subdivision for a more prestigious atmosphere.

Windmill Creek is a single family home development, which is located on Depot Rd. (Little Silver Lake Rd.), a quarter mile west of Deep Lake Rd. The development has a total of 307 homes.

The gas lights are nine feet high and that includes the temper glass mantel. The lights will have oriental posts. The temper glass will be supplied by Modern Home Product in Antioch.

A representative from the Northern Illinois Gas Co. said the operational cost is 22 cents per day, per light, which is \$8 a month. For a maintenance check of three times a year the cost would be \$7 per light. He suggested the maintenance be done by the village, because the cost would be cheaper.

Northern Illinois Gas Co. also said another pro to the installation of gas light would be that during a power outage the subdivision would still remain well lighted.

According to Jim Little, construction manager of the development, the gas lights will provide residents with higher property value than electric lights.

He said light spreads more with gas lights, because light does not just radiate straight down. However, gas lights would have to be spaced closer together because they give off less illumination than electric, because the posts are smaller in height.

The village board did have some reservations that the lights might be replaced within a few years with electrical posts. Little said

the developer of Fox Point, off of Lake Cook Rd., went with gas lights and the

development has kept them for almost 25 years. The board won't make

its decision until the Aug. 6 board meeting, after a rate comparison is done.

Police reports

July 25

Sean Rober, 19, Antioch, was arrested for DUI and driving without a license.

Jennifer Sakiewicz, 18, Antioch, was arrested for consumption of alcohol as a minor.

James Fraella, 24, Lake Bluff, was arrested for speeding and driving on a suspended license.

Correction

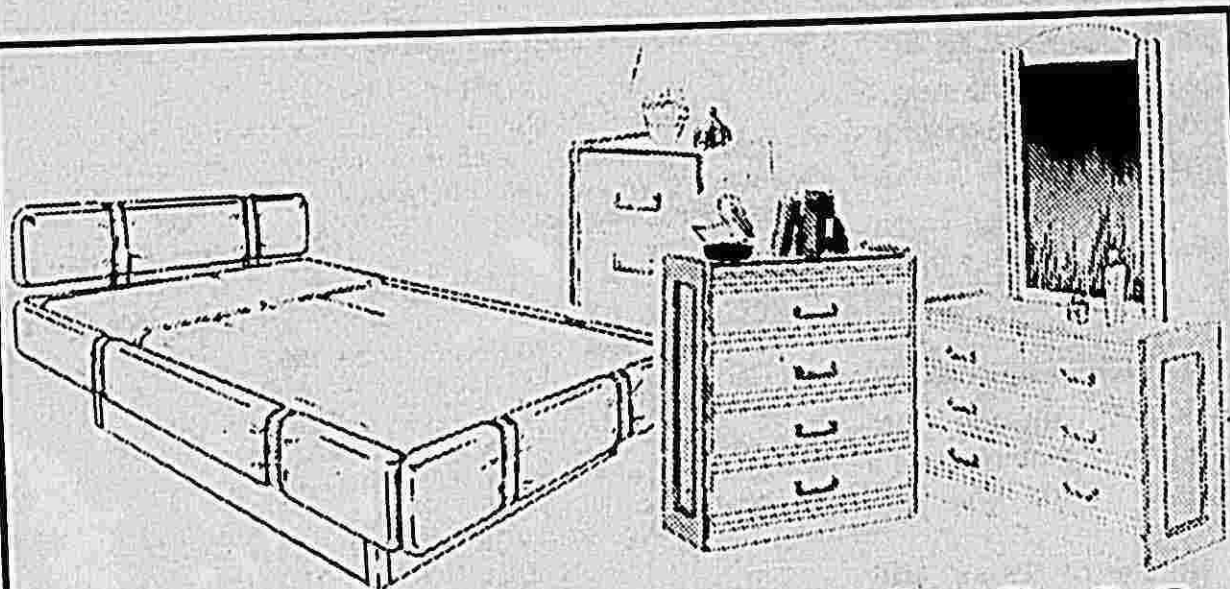

The July 27, 1990 edition of the Antioch News-Reporter stated the number-one suggestion of Antioch High School Dist. 117's citizens advisory group was to expand the current four-year building. The advisory's committee's actual number-one suggestion was to keep one four-year high school in the district. This could include adding onto the current building or building an entire new high school.

Smithsonian Institute travels to Lake County

by VIRGINIA PARK
(708)634-3025

Once again our Lake County Museum has played host to a Smithsonian Institution Traveling Exhibition. This time the subject was "After the Revolution—Life in America from 1790-1800," and what a delight it was to contrast the way things were way back then with the speed, the style, the philosophy of our life today.

Most of the settlers then lived within 90 miles of the Atlantic Ocean, and along with the vicissitudes of life in the wilderness they were struggling to bring the freedom of a new land into a system of laws for everyone. In 1781 the Articles of Confederation made a beginning.

Then a Convention to amend these Articles, which was convened in 1787, went way beyond their original intention and wrote a whole new Constitution for us which stands before the world 200 years later as a magnificent accomplishment.

The first capitol of these United States in 1789 was in New York City. In 1800 it was moved to Philadelphia. Then George Washington chose the exact spot

for the "Federal City," which according to the Constitution was to be a District, "not exceeding ten miles square" of land

donated by particular states (Maryland and Virginia).

This seat of government of the United States was to be governed by "exclusive Legislation in all cases Whatsoever" by the Congress of the United States, and building of the White House began in 1792 and constructing of the Capitol in 1793. (Doesn't this pretty well take care of the question of the District of Columbia becoming a state as some people propose today?)

Very interesting are the statistics of the

first census in 1790. English settlers were 48 percent of the total population, 19.4 percent African, 8.5 percent Scotch Irish, 7.2 percent German, 4.7 percent Irish, 4.3 percent Scottish, 3.5 percent Welsh, 2.5 percent Dutch, 1.7 percent French and .2 percent Swedish.

The estimates of Indians were 100,000 east of the Mississippi and 500,000 west of the Father of Waters. Dreadful things happened to many of them.

Joseph Brant, a hereditary and powerful chief of the Mohawk, who was an Episcopalian and a Mason, had to lead the exodus of Mohawks and others to Colorado in 1784 because they fought with the British. The Cherokee Indians of Carolina and Tennessee were also removed in 1810 along the "Trail of Tears" where one third of them died en route.

I was glad to note that the abolition of the external slave trade was declared on January 1, 1808.

The United States in 1790 was divided into five "regions": New England, comprised of what are now the states of Maine, New Hampshire, Massachusetts, Connecticut and Rhode Island; Middle Atlantic, New York, New Jersey and

Pennsylvania; the Chesapeake, West Virginia, Virginia, Maryland and Delaware; the Low Country, Georgia, North Carolina, South Carolina; and the Frontier which consisted of two parts—Old Northwest, Illinois, Indiana, Ohio, and Old Southwest, Kentucky, Tennessee, Mississippi and Alabama.

In addition to this excellent presentation there are so many displays about our county—its geography (prairie, marsh, savannah, bog), history, etc., etc.

A special Military Exhibit, "Civil War - Lake County Answers the Call," is continuing until the end of September when an exciting Civil War Re-enactment will take place on Sept. 29 and 30.

We should all be very proud of this excellent Museum on Route 176 and Fairfield Rd. near Wauconda, and make every effort to support it and its outstanding programs.

Correction from July 20 column: The correct number to be called to send a telegram to your representatives in Congress supporting H.R. 4424, the Emerson-Skelton Language of Government Act, is 1(800)257-4900, Hotline Number 9709.

PUBLIC NOTICE

Notice is hereby given that the LAKE VILLA TOWNSHIP ROAD DISTRICT, Lake County, Illinois will hold a public hearing on its intent to adopt an aggregate tax levy in an amount which is more than 105% of the amount of property taxes extended or estimated to be extended upon the levy for the preceding year 1989, exclusive of election costs.

1. Amount of property taxes, exclusive of election costs extended or estimated to be extended on behalf of the Road District for the preceding year. \$433,139.15.

2. Amount of proposed levy exclusive of election costs for current year. \$563,500.00.

3. The levy will be 130.10% of the prior year's extension or the percentage increase is 30.10%.

4. Public Hearing on the proposed levy will be held Tuesday, 7:30 p.m., August 14, 1990 at the Lake Villa Township Office.

5. Legal name of taxing district: Lake Villa Township Road District.

6. Commonly known name of taxing district: LVT Road District.

Ted Restarski
Town Clerk
890A-779-LV
August 3, 1990

PUBLIC NOTICE

GRAYSLAKE AREA PUBLIC LIBRARY DISTRICT
148 CENTER STREET, GRAYSLAKE, ILLINOIS 60030

Notice of Proposed Property Tax Increase for The Grayslake Area Public Library District.

I. A public hearing to approve a proposed property tax levy increase for the Grayslake Area Public Library District for 1990-1991 will be held on Tuesday 14 August, 1990 at 8:00 p.m. in the Library at 148 Center Street, Grayslake, Illinois, 60030.

Any person desiring to appear at the public hearing and present testimony to the taxing district may contact A. Robert Topel, Administrative Librarian at the Library, 148 Center Street, Grayslake, Illinois, 60030. Telephone (708) 223-5313.

II. The corporate and special purpose property taxes extended for 1989-1990 were \$336,041.63.

The proposed corporate and special purpose property taxes to be levied for 1990-1991 are \$390,000.00. This represents a 16% increase over the previous year.

III. The property taxes extended for debt service and public building commission leases for 1989-1990 were \$18,453.16.

The estimated property taxes to be levied for debt service and public building commission leases for 1990-1991 are \$20,000.00. This represents a 8% increase over the previous year.

IV. The total property taxes extended for 1989-1990 were \$354,494.79.

The estimated total property taxes to be levied for 1990-1991 are \$410,000.00. This represents a 15.66% increase over the previous year.

Dated: 24 July 1990.

Arrogant agency

Making friends and winning respect of the public is not a prerequisite of the Illinois Dept. of Transportation (IDOT). The powerful and seemingly untouchable agency seems bent on just the opposite---at least in this locality.

IDOT practically has put Fox Lake out of business with a \$13 million road and bridge improvement project that is being spread over two years including two summers that are vital income producers for the resort community. IDOT has conducted three years of lies and obfuscation regarding the status of the controversial construction of Rte. 53 through the center of Lake County. Now it appears the project has been turned over to the Illinois Tollway Authority which is even more powerful and more untouchable.

Even in the spotlight of public scrutiny, IDOT paid an enormous price to acquire right-of-way in the vicinity of Rte. 45 and

120 in a deal so seamy the Lake County Board and other agencies have called for an investigation into the possibility of graft and inside dealing.

What frustrates and infuriates taxpayers is the high-handed manner in which IDOT deals with the public. A public hearing on the proposed widening and construction of a median strip for Rte. 21 through Gurnee to Washington St. near Great America was held Tuesday night at Libertyville High School. Why wasn't the hearing held in Gurnee? Residents of the Gurnee area to be affected by the proposed project have every right to feel shut out from the input process.

The bottom line is that IDOT too often conducts its business arrogantly and with total disregard for public interest. IDOT is long overdue for an overhaul of the way it treats the people for which it is in business to serve.

Queens for a day

Vernon Hills will be smarting for a long time over two colossal gaffs in connection with the Little Miss and Miss Vernon Hills pageants where the declared winners were defrocked after tabulation errors were discovered.

Susie McCall, pageant producer, made the understatement of the year when she called the double screw up a "nightmare." The hurt, chagrin and embarrassment suffered by the temporary winners has to be unimaginable. Tana Higman, queen for less than 24 hours, and Kimberly Becker, the short-term Little Miss Vernon Hills, are being remarkably good sports about their winners-but-losers roles. To

the ultimate winners, Queen Jennifer Capron and Little Miss Vernon Hills Brenna Wurtz, the titles have a hollow ring.

Larry Narkin, village finance director and treasurer, whose tabulation goof up triggered the mess, can't be faulted all that much. No man is at his best when surrounded by so much beauty and personality.

While Vernon Hills works at salving its wounds, maybe the record ought to be written to show two queens and two Little Misses. Use an asterisk. Baseball does that all the time. After all, what's better than two queens, but four queens?

Letters to the Editor

Ruling as dictator

Editor:

I attended my first Grayslake Village Board Meeting and was appalled by what I found there. Mayor Smith ruled as if Grayslake was a monarchy instead of a democracy.

Smith rejected a petition submitted by residents opposing the Alleghany Rd. extension because some of the addresses on the petition were from other areas of the village. I resent a petition with my name on it being slid across a table and ignored.

All Grayslake residents will be affected by the extension and all should have a voice regardless of their address. Many of those people have children attending Woodview School.

At one point, Trustee Russell angrily criticized Trustee Carcy for "always being so concerned with public opinion." Trustee Russell has obviously lost sight of the reason he is on the village board.

I trusted the Grayslake Village Board, and I know now that it was a mistake to believe that the board does not need public monitoring and input. I will not continue to make that mistake, and I hope that other residents will also become involved in village government.

Sharon Desjardins
Grayslake

Pritzker buy, a gift

Editor:

Dist. 3 Rep. James La Belle of Zion, pushed for an investigation of Land Acquisition by the Lake County Forest Preserve Dist. His amendment lost 11-10. That's too bad because there should be an investigation.

They gave the Pritzker family located in Libertyville \$2 1/2 million for the development rights of a 250 acre parcel. The Pritzkers can build five residences along with a limited number of guest houses, employee's quarters and an agricultural building.

The small tax-payers are subsidizing the business and income of multi-

millionaires. That's a rip off! Not one tax-payer can step one foot on that property without the Pritzker's permission. Mike Graham didn't think Mr. Cacciatore or Mr. Towne should get all that money from IDOT. What do you call giving the Pritzker family? You gave them a 2 1/2 million dollar gift.

Candice M. Vole
Antioch

Stop badgering open spaces

Editor:

I wholeheartedly support the Lake County Forest Preserve Board members who concern themselves with the quality of life and recreational issues that are vital to their constituents.

These concerned board members continue to come under fire from individuals and groups who advocate the development of every foot of open space to a density that would do irreparable harm to the surrounding communities.

We residents of Deerfield, Riverwoods, Bannockburn, and Lincolnshire most especially have a huge stake in perpetuating the reality of our remaining

OFF THE WALL

Viewpoint

Watching people watch themselves gives the answer

by BILL SCHROEDER

All of a sudden, media pundits are fretting that people are reading newspapers less and watching television less. The Times Mirror Co. found in a survey that men and women between the ages of 18 and 29 are not reading newspapers like those before them.

The Times Mirror reported that the past 15 years have produced "a generation that votes less, cares less and reads newspapers less...and is less critical of its leaders and institutions than young people in the past."

Viewership of the commercial broadcast networks is off between 10 and 14 percent, according to the A.C. Nielsen Co. That translates into millions for the networks, both viewers and revenue.

Press leaders have tended to blame the high rate of illiteracy and the "short attention span" resulting from watching too many 30-second commercials. Could be. The drop off in viewing more likely is from the unstinting tv menu of programs depicting incest, fornication, violence and homosexuality.

In its heyday, television came to a place of prominence with programming catering to family entertainment. If you're over 40, you can remember Leave It to Beaver, Father Knows Best, the Clampets, etc. Now the tv diet is more sex, more violence, more profanity and more liberal politics.

People like to read about and watch what they like best---themselves. That's a big advantage for the newspaper you're reading now. We write about and report local events for folks with down-to-earth ideas and traditional values who are socially conservative.

Fortunately, this newspaper isn't having problems attracting more readers. Television and the big city press probably can turn things around by taking a hard look at what really interests people. But far be it from me to tell them how to run their business.

and fast disappearing open space.

Toward this overriding goal we urge you to ignore any denigrating or badgering tactics used to tarnish the credibility and high motives of the Lake County Forest Preserve Board members who are sensitive to the well being of constituent lives and liveability in all the communities of Lake County.

We should look upon these Board members as our heroes.

Paul Brunton
Riverwoods

Pursue recycling

Editor:

Mayor Geo-Karis and the Zion City Board are to be commended for listening to their constituents' concerns regarding the expansion of the BFI landfill. Among their concerns was one which many citizens have: the safety of their water supply. The decision to reject the expansion based on the results of studies which were prompted by those concerns shows a desire to meet the needs of their citizens.

People all over Lake County, across the nation, and around the world are being faced with the hard questions that come as a result of civilization's production of many kinds of solid waste. I urge the elected officials of Zion to use the reawakened awareness of your citizens of the issue of our "garbage" problems to launch programs in your community

HORSE RACING VIEWPOINT.

---Pari-mutual racing isn't going to the dogs, despite all the hoopla over the new dog tracks in southern Wisconsin. That's the opinion of Richard Trebat, who admits he's more than a little biased.

"Genuine horse racing fans aren't going to be converted. There's only one kind of racing for them. Horse racing. The casual fans might want to see what a dog race is all about, but horse racing beats dog racing all out," emphasized Trebat.

The dapper senior citizen has a vested interest in horse racing. He raises thoroughbreds on a farm off Rte. 12 near Fox Lake, regularly putting mounts into competition at Arlington International and Balmoral on the south side. Occasionally Trebat will enter a stake race in Florida or Kentucky. He knows what he's talking about when it comes to owning a racing stable. "It's pretty expensive," he offers for openers.

The devotee of pedigreed horseflesh scoffs at dog racing. "What's it take to race a greyhound? A handler and a can of dog food," Trebat mentioned with a note of sarcasm. Trebat broke off our visit with the observation that horse racing is a genuine industry in Illinois employing hundreds of people, providing a market for farm products and tax income for government.

GOLF BUFF---Curtis Gentry, athletic director at College of Lake County, is an admitted golf fanatic.

The former Chicago Bears defensive ace says "these old football knees won't stand any real strenuous sports anymore" to explain his new-found fondness for the links. So he has put aside tennis and racketball. Curt isn't talking about his handicap, but he said he's holding his own of some of the sport celebrity golf outings and foursomes he can put together on the spur of the moment. Gentry's office off Washington St. is only a four iron away from Brae Loch Golf Club so practice time isn't difficult to arrange.

which will be proactive rather than reactive.

Channel their energies to actively pursue the goals of waste reduction and recycling. Aggressively pursue such activities as reducing packaging on consumer products, buying recycled products, i.e., home and office paper supplies, and recycling as many of our "waste" resources as possible. By doing so we can hope to avoid battles over landfill expansion and incinerator sitings which lead to the epithet of NIMBY (Not In Anyone's Back Yard).

At A Glance

Pump out well

LAKE ZURICH—Lake Zurich officials continue to pump water into the lake from Well No. 10 on Whitney Rd., in an effort to flush out minute amounts of solvents in the well. Public Works officials want to find out if the solvents come from the same source as the bacteria that has been causing a rotten egg smell. The solvents or bacteria are not harmful to humans or marinelife, said Director of Public Works Dave Talbott, who said the water pumped into the lake is probably more pure than the lake water itself. Attempts to eliminate the bacteria are necessary in an effort to comply with EPA requirements for adding new wells. The village plans to add four wells in the next 15 years to accommodate the demand.

No to annexation

GURNEE—Although almost surrounded by Village of Gurnee annexed development, residents of Orchard Valley are wishing to remain in unincorporated Lake County. A survey of members of the Orchard Valley Land Owners Assn. showed 20 people opposing annexation to Gurnee. Only three were in favor of annexation. Seven people said they don't know or don't care. Richard Diesterheft, president of the association, said the views of residents could change if they knew the pluses of annexation or disadvantages.

Partington starts

GREAT LAKES—A new era in the Great Lakes Naval Training Center began when Rear Admiral James Partington took command last week. Partington takes over from Rear Admiral John L. Calhoun, who is retiring after a 30-year Naval career.

May consider plan

WADSWORTH—The Wadsworth Village Board may consider a new comprehensive plan when it meets Aug. 7. Mayor Ed Tomkowiak said he expects trustees may refine a plan which was worked on by a commission of residents and trustees and presented to the public at a hearing in May.

Talk SWALC rules

LINCOLNSHIRE—The possible future cost of joining the Solid Waste Management Agency of Lake County (SWALC) was discussed by Lincolnshire Village Board members Monday. Jeanne Becker, consultant to Lake County, explained the SWALC plan during a committee-of-the-whole meeting. Trustees and Becker discussed just when the village could pull out of the agency should it choose to do so.

Recycling dump

MUNDELEIN—The three-year-old village's self-deposit recycling center could be closed unless residents dropping off recycled newspapers, glass and aluminum cans are more courteous. Magazines and cardboard are being mixed with newspapers, beer cartons and plastic six-pack rings with the aluminum cans and grass clippings discarded at will. This has resulted in extra work for village crews and collection service, Obenauf disposal. Some of the problems are being created by non residents as indicated by addresses on the magazines.

Budget request sent

LAKE COUNTY—The Lake County Stormwater Management Planning Committee has sent its budget request to the county board, which levies the tax for the committee, for fiscal year 1991. Chairman Dick Welton said the committee requested \$925,000 with a levy of \$.011. The county board will review the request this fall and is expected to make a decision in December.

Delay Cuneo vote

WAUKEGAN—By the narrowest of margins, the Lake County Forest Preserve Dist. voted 10-9 to delay consideration of an agreement regarding the Cuneo Estate. The Forest Preserve majority sought the three-week delay after the death of Julia Cuneo, age 88. She was buried the day the board voted on the delay.

Marsh designated

ROUND LAKE HEIGHTS—The Lake County Forest Preserve has voted to designate a portion of an area known as Fairfield Marsh in Round Lake Heights. The vote was almost unanimous to acquire two parcels of the land, one 90-acre and another 14-acre parcel. A parcel of 80 acres was deleted from acquisition. Board members Robert Neal of Dist. 3 and Matthew Miholic of Dist. 2 cast the only negative votes on the measure.

SMPC hiring

LAKE COUNTY—The Lake County Stormwater Management Planning Committee is continuing to interview candidates for director and engineer. Chairman Dick Welton said the agency is down to five candidates. The selection committee has reviewed the final candidates and will make a recommendation at the Planning Committee's August meeting.

School moves

GURNEE—"Mobile" may very well become the middle name for Gurnee school districts. For the third time in the last six years, a group of Gurnee students is moving to a temporary facility. This week, the move for the sixth graders at Gurnee Grade School became reality as the school supplies were loaded onto trucks and moved to the second floor of Zion-Benton Twp. High School's former Pearce campus site.

New high school

LIBERTYVILLE—Soil borings will be taken near the entrance to Libertyville High School as the school board narrows its decision about where to construct an addition or an entirely new building. Two other school-owned sites in the north and east part of the district are also being studied for the facility that could cost \$17 million to \$40 million. A referendum to finance construction is being planned for next year.

Annual gala

ANTIOCH—After months of planning, Antioch Lions Club will entertain the public at their annual Chicken Bar-B-Que Picnic and Auction this weekend. Dinner tickets will still be available at the picnic for a \$5 donation. The events will be held at the Antioch Aqua Center and Lions Club Pavilion located in Williams Park, N. Main Street in Antioch.

Water fights

LAKE VILLA—The main attraction in Lake Villa this weekend will be the Lake Villa Volunteer Dept's annual celebration, Lake Villa Days. There will be the annual water hose fights amongst the Firemen's Assn. of Lake, Kenosha and McHenry counties.

WEEKEND/LEISURE

Check It Out

by GLORIA DAVIS
Lakeland Newspapers

Film Review

Only a great actor like Marlon Brando can make fun of his screen self and come out on top.

Take Brando playing his most famous role, that of the "Godfather," 150 pounds and 20 years later; add Mathew Broderick as "The Freshman" bumbling his way through college, then add some hilarious situations that have Broderick involved with the shady dealings of Don Corleone, and you have a funny, funny movie.

When Broderick and friend pick-up a package for Brando that turns out to be a six-foot lizard, the fun begins.

Broderick is innocent and dumb enough for the part and he plays it creditably, but he just misses when it comes to the comic timing that would have made his performance above average.

Actually, Broderick plays his Jewish self, which can't be too bad since this character and face seem to be flashing across the silver screen with more and more frequency.

The attempt to get Broderick to marry Corleone's daughter adds to the hilarity.

We'll give it a 3.5 just for its fun.

Be There

Note from Mark Paget at Dairyland Greyhound Park: There will be senior citizen admission discount at the dog track every Wednesday afternoon. And every Thursday, those in attendance will get a free grandstand coupon for a return engagement.

Are you someone who is into making crafts and painting, etc.? The City of Waukegan is looking for you to join in this year's Downtown Hoedown Arts and Craft Fair at the corner of Grand Ave. and County St. in downtown Waukegan.

For you Cribbage enthusiasts, a "Beat the Heat" Cribbage tourney will be played in the upper mezzanine of the Brat Stop, at Hwys I-94-50, in Bristol, at 11 a.m. for registration; play starts at noon.

Spring Grove Ladies will be holding their annual golf outing at the Hunter Country Club in Richmond on Thursday, Aug. 9. The fete will include nine holes of golf, dinner and prizes. Call (815) 675-2066 for information.

Billy Royal, whose hit records stretch from the 1965s' "Down In the Boondocks" to 1990s' "Searchin' for Some Kind of Clue," will be appearing at the McHenry County Fair in Woodstock.

The annual Old Fashioned Sweet Corn Festival, is set from 9 a.m. to 6 p.m., on Aug. 25 at Seven Acres Antique Village and Museum.

Whether it's the top race horses leaving the paddock at Arlington International Race Course in Arlington Heights in Lake County; the greyhounds preening before they race at Dairyland Greyhound Park, Kenosha, or Geneva Lakes in Delavan; or race cars of all descriptions revving-up their motors at Wilmet Raceway, Great Lakes Dragway in Union Grove or the Lake Geneva Dragway, northern Illinois and southeastern Wisconsin offers something for all racing fans. — Photos by Joe Shuman and Gloria Davis.

Wis., Ill. off to the races

by GLORIA DAVIS
Entertainment Editor

Since the first piece of silver was wagered on a chariot race in ancient Rome, betting on the outcome of a race has been an important part of the enjoyment of pitting speed against speed.

Although there have been horse and automobile racing in both locales (Illinois and Wisconsin) for years, the advent of the 1990s has brought a virtual explosion of racing enterprises in this area with aftershocks of increased money flow in the vicinities adjacent to these enterprises in most cases.

Arlington International Race Course, located in Arlington Heights, Ill. for years, has seen a rebirth and growth of popularity with the beautifully landscaped multi-million dollar new track facilities replacing the stables and grandstand area of the track that burned in 1985.

Watching a favorite horse, cheering for a favorite jockey, or betting on one's favorite colors, either from the comfort of the clubhouse or from the sun-baked stands, makes for an enjoyable afternoon.

Reasons for going to Arlington are as varied as the people that have them.

Despite the fact they can't see the

racetrack itself during the races, there are nests of people who ensconce themselves on the balcony and steps overlooking the entrance from the stables to get a closer look at Arlington's four-legged stars as they enter and leave the track. Of course a giant tv screen carries the races themselves and instant replays, besides the betting odds and stats that overlook this area.

Others can be found sitting at tables inside of the main concourse, closer to the myriad of betting windows, with a beverage, and a scratch sheet. The only time they see the horses is during fast glances (Continued on Page 16)

Gold Medal Flour and Woman's Day magazine have announced the winners of the "Be a Weekend Chef" recipe contest. Over 3,000 Weekend Chefs from across the United States and Canada submitted their favorite appetizer, main dish, bread and dessert recipes.

One of the prize winners of a seven-day trip for four supplied by Ask Mr. Foster Travel to the tropical resort of Cancun, Mexico and \$1,000 spending money is Sandra Bissessur, Nanaimo, British Columbia, Canada, for her Hazelnut Frangelico® Cheesecake.

Bissessur is a typical weekend chef. A busy wife and mom, Bissessur also works part time as a midwife for Nanaimo Regional General Hospital in Nanaimo, British Columbia, Canada.

Hazelnut Frangelico® cheesecake

Crust:

- 1 cup all-purpose flour
- 2 Tbl. chopped toasted hazelnuts
- 2 Tbl. granulated sugar
- 1/2 tsp. baking powder
- 1/4 tsp. salt
- 1/3 cup butter or margarine, at room temperature
- 2 Tbl. milk

Filling:

- 2 packages (8 oz. each) cream cheese, at room temperature
- 1/2 cup sour cream
- 3 large eggs
- 1/4 cup granulated sugar
- 1/4 cup chopped toasted hazelnuts
- 2 Tbl. Frangelico® (hazelnut liqueur)
- 1 tsp. fresh lemon juice

Topping:

- 1 cup sour cream
- 1/4 cup confectioners' sugar

- 1 Tbl. Frangelico®
- 1 tsp. fresh lemon juice

Garnish:

- Whole hazelnuts

Have a nine inch springform pan ready. To make crust, mix flour, nuts, sugar, baking powder and salt in a large bowl. Cut in butter with pastry blender or two knives until mixture resembles coarse crumbs. Sprinkle with milk and stir until mixture clumps together to form a dough.

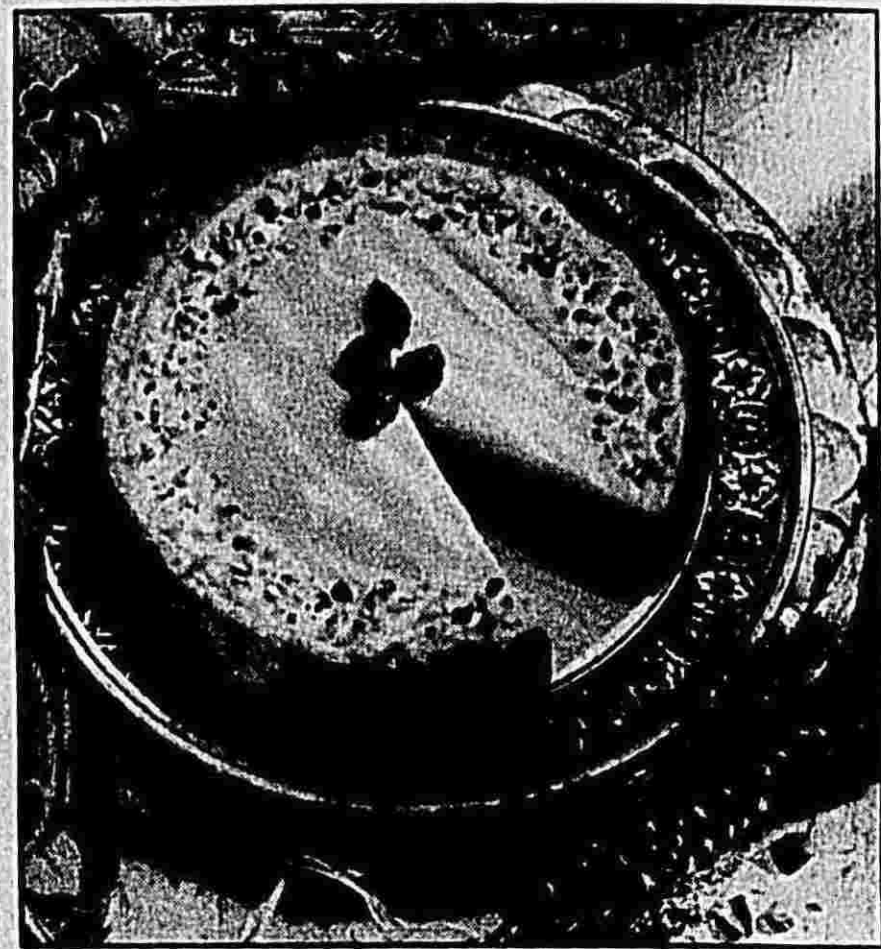

Form into a ball, flatten, then press evenly over bottom and two inches up sides of the springform pan. Refrigerate at least 30 minutes.

To make filling, heat oven to 350 degrees. Beat cream cheese in a large bowl with electric mixer on medium speed until smooth and creamy. Add remaining filling ingredients and beat until thoroughly blended. Pour into pastry lined pan. Bake 50 minutes until firm to the touch. Remove from oven and leave at room temperature five minutes.

Mix topping ingredients in a small bowl. Spread evenly over cheesecake. Return to oven and bake five minutes. Cool on rack 20 minutes, then refrigerate until cold before removing sides of pan. Garnish with hazelnuts.

Makes 12 servings.

Note: To toast hazelnuts, spread nuts in shallow baking pan. Bake in 350 degree oven eight to 10 minutes until skins start to brown. Turn out onto clean kitchen towel. Wrap and let stand one minute. Rub off most of skins. Cool before chopping.

Hazelnut Frangelico cheesecake

15th Lakefront fest scheduled for Aug. 5

Waukegan's 15th Annual Lakefront Fest—Lake County's largest free music festival, will highlight the Classics of Rock and Roll on Sunday, Aug. 5, at Waukegan Municipal Beach. Three stages of continuous music along Waukegan's Lake Michigan shoreline featuring

nationally known Sha Na Na, Dave "Elvis" Ehlert, and Second Wind.

The Hometown Stage hosts the best music from Lake County opening at noon with the Waukegan Symphony Chorus. Hot House Band, The Subdudes, 11:11,

Still Intact, the Sierra Band, Ambassador for Christ and Rude Beat will play everything from rhythm and blues to rock/pop to country music. A fireworks display will be held at 8:45 p.m.

Admission is free. A \$5 parking fee will

be charged per car without a Waukegan vehicle sticker. Waukegan Beach is located off of Sheridan Rd., and Hwy. 132 (Grand Ave.) on Seahorse Dr. in Waukegan. For further information call (708)360-9000, ext. 513.

Helpmates support group

Helpmates Christian Single Support Group for separated, divorced, widowed and single men meets every Wednesday at 7 p.m. at St. Paul's Lutheran Church, 524 N. Lewis Ave., Waukegan. For information call Pastor Tom Church at (708)662-2315 or Helpmates at (708)336-7415.

YWCA divorce support group

The YWCA divorce support group for women meets every Monday at 7 p.m. in the doctor's conference room, second floor, St. Therese Medical Center, Washington St., Waukegan. Call (708)662-4247 for information.

Pre-seventeenth Century study

The Society for Creative Anachronism (SCA) is an international non-profit educational organization devoted to the study of pre-seventeenth century Western Culture. In addition to the historical aspects of research and recreation, the SCA also attempts to embody these facts into the art and life of the medieval spirit: chivalry, honor and adventure. The Lake County Military Camp Chapter meets on the first Sunday of the month at the Progressive Public Library, 900 E. Lake St., Wheeling, from 1 to 3 p.m. If you need call (708)446-4565.

Anxiety/panic group forming

Agoraphobics in Motion (AIM) self help non-profit group will meet weekly for persons suffering panic attacks. Learn stress management, assertiveness training, and positive thinking. Send a self-addressed stamped envelop to AIM, P.O. Box 42606, Chicago, IL 60642.

My Group for bereaved moms

My Group is a group for bereaved moms offering support, understanding and love for surviving through this adjusting period. The group will discuss issues such as differences in grief, how to reach out to others and any other issues the group members face. The group meets the second Tuesday of the month at 8 p.m. Call (708)546-4970 for location and further information.

Alpiners Toastmasters Club

The Alpiners Toastmasters Club meets on the first and third Monday

Beat the heat in Phoenix by going underground

Phoenix's heat, while a welcome relief from our midwestern winters, can be downright unpleasant in the summer. That's when you should head underground!

I'm talking about the many caves just a few hours drive out of town. They range from the guided tour, family variety, to the walk-crawl-slide-on-your-belly type for the more adventurous. One thing all of these caves have in common is a year-round temperature of about 45 degrees!

Let's start with those not requiring ropes and hard hats.

Colossal Cave, on the way to Tucson, offers guided tours for about \$4. Legend has it that in the late 1880's a bank robber disappeared into this cave with \$62,000 in gold coins, never to be seen again.

Grand Canyon Cavern, west of Seligman on Route 66, was discovered in 1927. Guided tours were conducted via rope ladders until 1936. Now you can ride an elevator into the main chamber and follow a concreted guided trail.

For the slightly more adventurous there is Lava River Cave northwest of Flagstaff. To get into this, you must climb through a huge hole into a sometimes icy chamber. The temperature here can get into the thirties!

Colder yet is ice cave northeast of Flagstaff. Warm clothes are a must as 28 degrees is not uncommon as you venture the half-mile into the cave. Bring a flashlight.

Crystal Cave, in the Chiricahau Mountains, requires a stop at the Douglas Ranger Station for a permit and a \$25 refundable key deposit to unlock the gate at the cave entrance. While you don't have to be an experienced "spelunker," you should have some knowledge of cave exploration and cave safety to visit this kind of cave. True to its name, Crystal Cave has crystals growing on its ceilings and walls.

Copper Queen underground mine is, as the name implies, not a cave but a mine. The 75-minute tour leading 1,800 feet into the Mule Mountains is worth the \$4. You'll find this one near Bisbee.

What better escape from the Arizona Sun than to see what is underground!

NORTH STAR TRAVEL, INC.

2232 E. Grand Lindenhurst, Ill.
24 Hr. Recorded Bargains - 356-2000
(708) 356-3010

of the month at 7:15 p.m. at Knigge Center, 99 E. Main St., Lake Zurich. Toastmasters provides members with communication and development programs. Visitors are welcome. Call Jim Pauley at (708)540-8017 for further information.

AMI support meetings

The Alliance for the Mentally III (AMI) of Lake County is a support group to help family members who have or suspect they have mentally ill relatives. Education/support meetings are held on the second and fourth Tuesday of each month at 7 p.m. at St. Lawrence Episcopal Church, 125 W. Church St., Libertyville. Family support meetings are held on the second and fourth Monday of each month at 7 p.m. at the Lake County Health Dept., 1819 27th St., Zion. The meeting provides an opportunity to confidentially discuss individual problems with a member of the Lake County Mental Health Dept. For more information call John Hayden at (708)772-4242 or Ross Boone at (708)546-0080.

'Hay Fever Hop'

Buoys and Belles Square Dance Club is holding a "Hay Fever Hop" square dance with guest caller Leigh White and round dancing by Al Hallgren on Friday, Aug. 3 from 8:30 to 11 p.m. at the First United Methodist Church, 128 N. Utica St., Waukegan. Call (708)360-0499 for further information.

Avon Twp. Senior Social Club

Seniors 50 years plus are invited to attend the Avon Twp. Social Club meetings held at 7 p.m. on the second and fourth Monday of each month at the Avon Twp. Bldg., 433 E. Washington St., Round Lake Park. For more information call (708)223-7723 or (708)546-4037 or (708)546-0152.

Racing

(Continued from Page 13)
given to overhanging television sets that pepper the area.

Most of the avid race fans can be found in the grandstands or standing trackside for a closer view.

Arlington runs 10 races a day, six days a week, from 2 to 7 p.m., April through September.

Kenosha Airport, was off to a big start in June.

Geneva Lakes, with its art deco decor, will be running greyhounds all year-around except for the month of December.

Dogs will be leaving their small paddock there for matinees on Tuesdays and Sundays, evenings on Wednesdays and Thursdays,

for December.

To date, at Geneva Lakes almost 300,000 people have passed through the turnstiles of with \$22 million dollars being bet and 80 percent of that being returned to the bettors.

Across from the Kenosha Municipal Airport, at Dairyland with its rustic silos, \$213, 287 people

relations, the average bettor wagers \$95 per visit at Dairyland with over \$20 million in bets taken in since opening day and 80 percent of that returned to the bettors.

With the large controversy surrounding the auto racetrack proposal for Hwy. 12, between Twin Lakes and Lake Geneva, the existing auto racetracks in Wilmot and Union Grove seem to be flourishing, although in Wisconsin this is a spectator sport with any betting done privately.

Wilmot Speedway, located on the Kenosha County Fairgrounds, is roaring every Saturday, from April through September, with special

races sometimes run on Wednesday and Sunday evenings.

According to track owner Ray Toft of Antioch, anti-drug races during which kids under 15 are let in free, so they can choose specific cars to back and possibly win \$100 and \$500 savings bonds if their car wins, are becoming a more frequent, as well as more popular event at Wilmot. Wilmot runs modifieds, sprint cars, late model and spectator cars. Approximately 3,000

people attend each race at Wilmot, with 100 cars racing every night the races run.

Other area auto racetracks include the Great Lakes Dragstrip in Union Grove, the Lake Geneva Raceway (which also features motorcycle races), the one-third mile dirt track at Hales Corners and, the most famous of all, the large track at Elkhart Lake, which has featured well-known drivers from A. J. Foyt Paul Newman.

In two months, over \$40 million has been bet at the two new dog tracks in southeastern Wisconsin and 80 percent of that has been returned to the bettors.

Even as the trumpets herald the cry of "And their off," in Arlington Heights, a similar call is being made at two new dog tracks in southeastern Wisconsin, one in Kenosha and the other in Delavan.

The \$22 million Geneva Lakes Kennel Club opened in Delavan in late spring and after a short delay, Dairyland Greyhound Park, on Hwy. 58, near the

and both day and night races on Fridays and Saturdays.

Dairyland's dogs run every evening except for Mondays when it is closed. There are races in the afternoon also on Wednesdays, Saturdays and Sundays. The Kenosha track also intends to be open for business every month of the year except

have enjoyed greyhound racing since the track's controversial opening.

According to Mark Paget of Dairyland public

CLC's 'SetSail' Sept.15

Unusual items for every interest are being collected for the "SetSail" dinner-auction on Sept. 15 at the College of Lake County. Dream vacations, health club memberships, and the CLC "basket brigade" are just a few types of the many items being offered in an effort to raise money for CLC's Talent/Leadership Scholarship fund.

Guests at the auction who crave a look of luxury will have five fur coats to choose from, as well as a number of hair designs and manicures. To receive the "spa" treatment at home, a Jacuzzi whirlpool will go to the highest bidder.

Several memberships to health clubs will be available at the auction. These include a one year family membership at both the Lake View Hills Health Club in Antioch and the Oakwood Racquetball Club in Waukegan. People who are interested in losing weight can purchase a gift certificate for Jenny Craig Weight Loss Center.

This year's auction is also the place to be for sports buffs. A Bears fan will have the chance to be the top bidder for a private luncheon with Gayle Sayers. Cubs fans can battle for the highest bid on a special edition Ryne Sandburg

Louisville Slugger Bat. Tennis and golf lessons, and rounds of golf at area golf courses, as well as sports equipment can also be had.

For the boating enthusiasts, two 1991 launching passes from the Waukegan Port District.

SINCE 1947

Quig's Orchard Restaurant

Rt. 83 1/4 mile N. of Midlothian Mundelein 566-4520

Store, restaurant, nursery started with big red apple

by GLORIA DAVIS
Entertainment Editor

First came an orchard known as Quig's Orchard in Wauconda. Then came delicious crops of apples. Soon the need for a store was realized.

The store not only features a variety of apples and cider, but also delicious bakery goods, cheeses and gift boxes.

When people started asking to have sandwiches made out of the homemade bread and fillings offered in the store, Quig's Orchard Restaurant was born in 1987.

Quig's is now a family owned and operated complex which includes the store, the restaurant and a nursery.

This entire apple dynasty started with Henry and Mildred Quig who bought the orchard planted back in 1933 off of Rte. 83 in Mundelein.

In November of 1947, apples were being sold from the back of a truck, and it was soon evident that small sales quarters would be beneficial, so by 1954, the Quig family opened a retail outlet on the same grounds as the original Quig's Orchard.

Today, son, Alan and wife, Amy operate the greenhouse and nursery that is connected with the store and restaurant.

Son Bob, and sister Pam are involved in

the operation of the store and restaurant.

A specialty of the restaurant and store is Quig's home-pressed natural apple cider with no sugar or preservatives added.

The restaurant is open Tuesdays through Saturdays from 7 a.m. to 2:30 p.m. and on Sundays, from 7:30 a.m. to 2:30 p.m. It is closed every Monday.

Quig's breakfast menu is an ample one, with over 50 special food and drink items available including seven different kinds of omelets, nine varieties of eggs, Belgian waffles, biscuits and gravy, as well as pancakes in every size and kind imaginable.

There also is a wide variety of luncheon items on the menu, ranging from sandwiches, to salad plates, to homemade apple pie, a la mode of course, all washed down with a mug of spicy apple cider or a variety of other beverages.

Breakfast is served from 7 a.m. to 1 p.m. from Tuesday through Saturday and from 7:30 a.m. to 1 p.m. on Sunday, while any one of Quig's delicious sandwiches, like the Cape Codder made with crab meat salad or a juicy patty melt with succulent Swiss cheese and sauteed onions piled on dark grilled rye bread, are available from 11 a.m. to 2:30 p.m. six days a week.

entrepreneur

Ron and Nancy Hackett are proud of their restaurant in Wilmot, The Stage Stop, which is touted as the oldest continual running restaurant in the State of Wisconsin. —Photos by Gloria Davis

Running family business always big act to follow

by GLORIA DAVIS
Lakeland Newspapers

Being the owners of the oldest and one of the best known restaurants in the State of Wisconsin, Ron and Nancy Hackett of Wilmot Stage Stop fame, are always striving to live up to the fine reputation garnered by six generations of this family business.

The building that houses the popular restaurant that draws customers from a 100-mile north-south radius, from Chicago to Milwaukee, was an honest to goodness over the trail stage stop, granting hospitality to weary travelers as early as 1848.

Although the prices on the Stage Stop's menu are still considered to be reasonable, they are slightly higher than when Nancy's great, great grandfather, John Hegeman operated it. Then weary traveler's could get lodging, horse stabling and three meals for \$1.75.

This very same stage stop is reputed to have been one of the stops used by the underground railway that smuggled slaves northward during the Civil War.

Louis Hegeman took over in 1896 at his father's death. He closed the guest rooms in 1930.

Roland Hegeman and his daughter Hazel were the third generation to operate the restaurant.

According to Nancy, since it's opening 142 years ago, "Hospitality, food and drink have been continually available at the Stage Stop without interruption since opening day."

Nancy's mother and father, Rod and Marion Wynn, renovated the building and made it into the type of warm and cozy restaurant it is today, back in the early 1960s.

Nancy began learning the food business at an early age, working in almost every capacity the restaurant employs through her growing years.

When Rod and Marion retired in 1971, Nancy and her new husband, Ron Hackett, took the business over. Their keen business sense, plus Nancy's cordial hostessing, as well as Ron's knack at the grill, are familiar to old-time customers.

Now, Charlie Wynn, Nancy's brother, is also involved in the management of the successful eatery.

And coming around the end is 15-year-old Jill, whose going through the same paces that her mother did in learning how to make fine dining a comfortable pleasure.

Lurking in the wings is eight-year-old Pam, who has shown little inclination towards the business to date with a fast peanutbutter and jelly sandwich from (Continued on Page 20)

Kelly Services, Microsoft announce business alliance

Kelly Temporary Services and Microsoft Corp. have announced a business alliance to better service the needs of the companies' customers using Microsoft (R) Word word processing software.

The business alliance, which unites the nation's largest temporary service firm and the largest microcomputer software company, will enable Microsoft and Kelly Temporary Services in

Libertyville and across the nation to work together on the recruitment and training of temporary employees for assignment to businesses that use Microsoft Word. Microsoft Word is one of the leading word processing software packages in North America.

"This alliance will give our temporary employees additional opportunities for more assignments on one of the nation's most widely

used word processing software packages," said Tony Zahn, manager of the Libertyville Kelly Temporary Services branch office.

Under the terms of the agreement, Kelly will train and support its temporary employees on Microsoft Word software. Kelly's new Microsoft Word Reference Guide and the exclusive Kelly Office Automation Hotline, a toll-free service which provides assistance to

temporary employees on office automation assignments, will support temporary employees on Microsoft Word assignments.

According to Ruth Warren, product manager at Microsoft Corp., Kelly and Microsoft agreed to work together because of the consistent goals of the two companies to provide top-quality, well-rounded support for customers.

"Microsoft understands that there is more to providing our customers with quality computing solutions than just developing great software," said Warren. "Issues like the availability of well-trained temporary employees are key for businesses evaluating work processing software."

Kelly Services, the Troy, Michigan-based international temporary help company with more than

950 offices worldwide, provides temporary employees in the areas of office, marketing, light industrial, and technical through its Kelly

Temporary Services division. Earlier this year, Forbes magazine selected Kelly as the Best Business Services and Supply Co. for the 1990s.

? When Does Work Comp Pay Kick In?

THE ILLINOIS CHAMBER

A Question From The Illinois Chamber HELPLINE

Q. One of my employees was hurt on the job and missed five days of work. How many days does workers' comp insurance pay this employee?

A. The Illinois workers' compensation law requires payment after three full workdays of lost time. Your employee would receive two days pay, amounting to two-thirds of the employee's average pay - up to a maximum amount based on 133-1/3 percent of the statewide average weekly wage. The first three days would not be paid under the workers' comp law until the disability continues for more than 14 calendar days. If you offer sick pay, you may wish to pay it the first three days.

Good Shepherd welcomes two

The newest members of Good Shepherd Hospital's Governing Council are Michael J. Kozak Jr. of Hawthorn Woods and George Cassidy, M.D., of Lake Forest.

Kozak is president of State Bank of Lake Zurich. He holds a B.A. Degree in government/theology from the Univ. of Notre Dame, a M.A. Degree in philosophy, politics and

economics from Oxford Univ., and a M.M. Degree in finance from Northwestern Univ.

Dr. Cassidy is medical director of Good Shepherd's radiology department. He earned his B.S. Degree at St. Peter's College and his Doctor of Medicine Degree at Marquette Univ.

Other members of the hospital's Governing Council are: Ronald Hamelberg,

Barrington (president); Russell Feurer, Tower Lakes (president of Good Shepherd Hospital); Sam Oliver, Barrington; Wayne Duke, Barrington; the Rev. Gary Miller, Algonquin; Luis Planas, M.D. (Wauconda); Peter Standbridge, Barrington; and David Thompson, North Barrington.

Lump Sum Distribution Seminar

Is it better to pay taxes or use an IRA rollover?

This free seminar may well help you save hundreds—perhaps thousands—of your retirement dollars. This comprehensive review of retirement plan distributions can show you whether it is better to pay taxes now—using special income-averaging—or to take advantage of the tax deferral of an IRA rollover.

Date: Thurs., August 23, 1990

Time: 5:15 p.m.

Place: Comfort Inn-Parkway Restaurant
Rt. 120, Waukegan

Admission is free but seats are limited. Reserve your place today by calling Tom Paulson.

FINANCIAL FOCUS

reported by Brosius D'Arcy

How well you plan for retirement today determines how much you'll enjoy it when the time comes. Unfortunately, Social Security is not enough to see most people through their golden years. According to the Social Security Administration, the average annual benefit is currently \$6,588. Few people would consider this living in luxury—particularly when you consider that, according to estimates, you will need to retain roughly 75 percent of your current income to maintain your current standard of living at retirement.

Here are several suggestions to help make your older years golden years:

- *Start early.
- *Contribute the maximum allowable amount to tax-sheltered plans.
- *Have retirement plan contributions deducted from your pay and invested directly.
- *Increase your investments when possible.
- *Roll over lump-sum distributions.
- *Fully utilize IRA, SEP or Keogh Plans if you are eligible.
- *Diversify your portfolio.
- *Get professional assistance.

No one can guarantee the future, but good planning can eliminate a lot of disappointments.

Dianna D. Paramski has been promoted to president/CEO of Computer Direct, Inc. of Barrington. Paramski was the vice president of advertising. She is a graduate of the Lake Forest School of Management and joined Computer Direct in 1980.

Charles Bartels

Charles R. Bartels, owner of the Manpower Temporary Services franchise with offices in Lake Bluff, McHenry, Mundelein, Wauconda, and Waukegan, has been elected and installed as chairman of

the Assn. of Manpower Franchise Owners (AMFO). AMFO is a 20-year-old organization whose members own nearly all of the franchised offices in North America. As such, AMFO provides a powerful and influential representation of Manpower's 1,500 offices worldwide. Bartels served as an AMFO board member and executive committee member for several years before his recent installation as chairman during the association's general membership meeting held this year in Tampa, Fla. AMFO members' franchise account for nearly \$1 billion of Manpower's \$3.5 billion annual sales.

Stage Stop

(Continued from Page 18)

Nancy's kitchen her main interest in food. "When Mom and Dad opened a better restaurant in Wilmet in the 1960s, many people thought that they had lost their minds," says Nancy, referring to Wilmet's small town status.

"They sort of predicted the megalopolis-type growth that we are getting from Chicago to Milwaukee now, almost 30 years ago," adds Nancy, proud of her parents' foresight.

With all the restaurants that can be found in the Chiwaukee area, why do so many people (reservations are almost always the best idea) head regularly for the Stage Stop?

In checking with some regular customers we found that, though the menu is small, everything the Stage Stop serves is top quality and always cooked to perfection.

Char-broiled steaks, lobster, pork chops and shrimp on a skewer account for the bulk of the menu items.

Each meat or fish entree is accompanied with a fresh salad with a choice of homemade delicious dressings.

Jim Davis of Silver Lake says, "The big hunks of cheese in the Roquefort dressing are what keeps me coming back."

A hearty baked potato, smothered in butter or sour cream, or both, completes the dinner.

After enjoying a delicious piece of grasshopper pie or another dessert, visitors are welcome to take a tour through the upstairs museum and gift shop.

The Hacketts run a tight ship, no motion or time is wasted, which could also account for a measure of the business's success.

What kind of a place is it to work at? One of the waitresses is heading for the 30-year mark, 'nuff said?

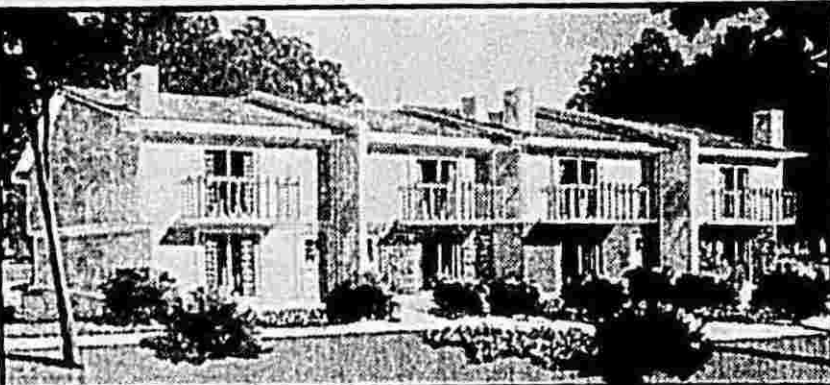

Chapter Elects Women

The Waukegan Charter Chapter of the American Business Women's Assn. installed its 1990-91 officers July 10: Jessica Levonowicz, president; Sandy White, vice president; Doris Pierce, recording secretary; Rita Heinz, corresponding secretary; and Chris Vavrek, treasurer.

Obituaries

Dennis H. Pokorney

age 45 of Round Lake Park passed away July 23, 1990 in Milwaukee.

Dennis worked many years as a construction superintendent in Milwaukee and Chicago for Morse Diesel Inc. He graduated from Homestead H. S., Mequon and earned a B. S. degree in architectural and construction engineering from Milwaukee School of Engineering in 1973. He served with the U.S. Marines in Vietnam 1966-68. Among the buildings he constructed are the Sears Discovery Building, ABC Studio Building, St. Luke's Medical Center all in Chicago, The First Wisconsin Center in Milwaukee and Wausau Manufacturing Co. in Wausau.

He is the beloved husband of Judy; dear father of Brian and Jeff Pokorney; dear son of Audrey Pokorney; and brother of Joseph (Judith) Pokorney and Melissa (Phillip) Jones.

Mass of Christian Burial was held Friday July 27 at St. James Church, Mequon. In state, Thursday, July 26 at the Schramka-Densow Funeral Home, 423 N. Main, Thiensville, WI.

Memorials would be appreciated to the American Heart Association.

Linda "Lin" K. Edwards

age 36, of Canton, IL passed away Wed. July 25, 1990 in Canton, IL. She was born April 29, 1954 in Munich, Germany living in Antioch, IL before moving to Canton in 1977.

She was a graduate of Antioch High School and was attending Bradley University in Peoria, IL. She was employed in the Trust Department of the Canton State Bank.

Survivors include 1 Daughter, Christina at home; Her mother, Katherine Kanka of Antioch, IL.; 1 Sister, Katherine (Brian) Elliot of Wheaton, IL and Nieces Kelly and Erin and several Aunts and Cousins.

She was preceded in death by her father Joseph Kanka.

Services were handled by the Oaks Memorial Chapel of Canton, IL and the Strang Funeral Home, of Antioch, IL.

Friends desiring may make contributions to the Christina Rey Edwards Fund c/o State Bank of Canton, Canton, IL 61520, in her memory.

Obituaries

Robert Joseph Roberts

age 62, a 30 year resident of Fox Lake, died on July 23, in Chandler, Arizona after a long illness.

A navy Veteran of World War II, he commanded the McHenry VFW Post 4600 for 8 terms. Also, he cared for many disabled veterans, via the Lake Villa Cooties Chapter.

He was preceded in death by his daughter, Charmagne.

His survivors include son, Richard (Ann) and daughters Diane (Joseph) and Barbara (Mark) as well as his mother Agnes Grochowski of Lincoln, Nebraska.

Private services were held July 28 in Chandler, Ariz. Interment will be at Grant Twp. Cemetery. A local memorial service will be held at a later date.

ANNOUNCING 1990 SEASON LAKELAND CARDINALS SIGN-UP

The Lakeland Cardinal Staff invite all 6th, 7th, and 8th graders in the Lakeland area to join us for our 20th season. All young men interested in playing football and all young ladies interested in cheerleading should note the following:

- For the 1990 season only traveling lightweight and traveling heavyweight teams will be fielded.
- A full squad of cheerleaders will be needed. Try-outs will be determined by the number of participants.
- Sign-up for football requires a fee of \$20.00 and a deposit (check only) of \$50.00 that will be held until after uniform collection dates.
- Sign-up for cheerleaders is free
- All sign-ups will be held at the Grant High School football field concession area. Times and dates are as follows:
Saturday, Aug. 4 11 a.m. - 4 p.m.
Wednesday, Aug. 8 5:30 p.m. - 7:30 p.m.
Saturday, Aug. 11 11 a.m. - 4 p.m.
- All other sign ups will be considered late and an additional \$20.00 fee will be required.
- Sign up will be limited to 70 players total - first come first served.
- Uniforms will be issued at sign up or practice after the deposit is paid.
- First day of practice is Monday, August 13, 5:30 p.m. until 7:15 p.m.

For more information call Dave (708) 587-4911,
Rick (708) 587-9729 or Chris at (708) 587-1270.

Check out our new look for the 90's and be a part of the excitement!

LAKELAND CARDINALS 'PRIDE IN EXCELLENCE'

Special thanks to our Bingo players, Boosters, Assistants & Coaches - you make our program a success.

IMPATIENS

OVERALL DIMENSIONS: 60'-0" x 65'-0"
LIVING: 1979 square feet
GARAGE: 628 square feet
COVERAGE: 2607 square feet

FLOOR PLAN

330-11 IMPATIENS
By Landmark Designs

Passive solar heating is literally at the heart of the country-contemporary Impatiens.

The stone and brick wall that divides the kitchen/family room from the dining and living rooms can be as functional as it is beautiful if its builder takes care to orient the home in the correct relation to the sun's daily path.

During the day the masonry wall soaks up the heat when sunlight floods in through the high dormer window in the family room nook, or through the two dormers in the living and dining areas. Then, in the evening, heat stored in the bricks radiates out, warming the home long after the sun has set, completely free of charge. By placing the woodstove close to the brick wall, its heating capabilities are similarly enhanced.

Very little, if any, artificial light will be needed during the day in any of the above-mentioned rooms. In addition to the dormers, the family room is rich in windows and skylights, the kitchen has a wide garden window, the dining room has two glass doors and the octagon shaped-living room has more windows than walls.

Kitchen amenities include an oven/microwave combination, built-in dishwasher, pantry, and a generous L-

shaped cooktop-island-eating bar all rolled into one. The kitchen is large enough to accommodate a table right in the middle, if desired, but most families will probably prefer placing the table in the sunny nook.

In the master suite, yet another skylight brightens the water closet. Luxurious hanging plants will love the atmosphere here, suspended between the skylight and the oversized tub. Bathers, looking up, can imagine they're in the tropics. The suite also includes a walk-in closet, and double sinks in a counter outside the tub and toilet area.

On the other side of the house, the large utility room is close to the garage and bedrooms, while still only a few steps away from the kitchen. It has a fold-down ironing board, laundry sink and storage space. The window-brightened shelf that looks out over the front porch is a natural for a sewing machine.

For a study plan of the IMPATIENS (330-11), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

Spiral Stairways

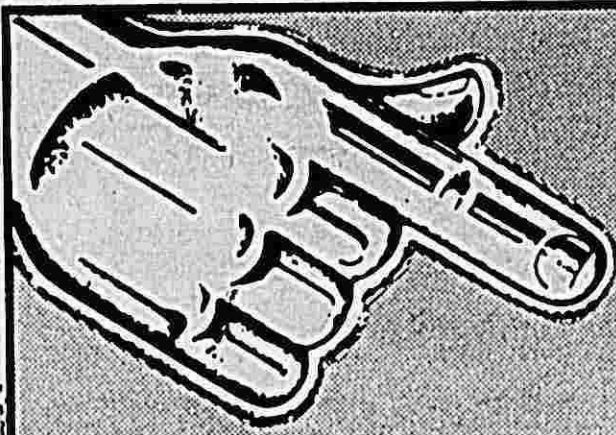

Charming, graceful, exciting, a spiral
stairway is a distinctive addition to
your home. Hand-sculptured of
furniture steel in elegant, sweeping
curves, it is a thing of beauty forever.
Solidly welded in a single unit,
installation is simple - a matter of
minutes. No complicated assembly.
Takes half the space of ordinary stairs.
When you add an Osborn Spiral
Stairway to your home or other
location, satisfaction is assured by
Osborn's forty-year leadership in
quality and service. Let us help you
with your planning.

Phone 414-279-5927.
Or visit our factory.

•Gas forced air heat
•Insulated metal clad entrance door
•A complete home, paint, stained and carpeted

Welcome Home.
TO OVER 50,000 FAMILIES

YOUR WAUSAU HOME IS A THERMAL CRAFTED™ HOME!
Computerized energy design technology from Owens-Corning Fiberglas actually evaluates your home's energy efficiency to help provide lower heating and cooling costs. It also means greater protection against rising energy costs, higher resale value potential and greater personal comfort.

Price does not include permits, survey and engineering lot
clearing, sewer and water or septic and well, culverts,
driveways, walks, landscaping or financing. (These and
other site improvements available. Lower levels on bi-
levels and tri-levels not finished.)

CHURCH TALK

World Wide Pictures Presents

His Land

Antioch

The Chain of Lakes Community Bible Church located in their temporary location at the VFW Hall on North Ave., Antioch will show the award winning film on Israel: His Land at 6 p.m. on Sunday, Aug. 5. The film was produced by the Billy Graham Evangelistic Assn. and deals with the significance of the nation Israel in history and Bible prophecy.

Mundelein

Faith Lutheran Church, located on Rte. 60 at the intersection of Hawley St., Mundelein, will be holding their annual Vacation Bible School Aug. 13 to 17 from 6:30 to 8:30 p.m. Activities will include Bible lessons, crafts, worship, music, fellowship and refreshments. It is hoped that the evening schedule will encourage families to attend. The deadline to register is Aug. 6. Call (708)566-0694 or (708)566-1964 for more information.

Grayslake

Faith Baptist Church, 954 E. Brac Loch Rd., Grayslake, is sponsoring "Kid's Crusade" vacation Bible school from 6:30 to 8:30 p.m., Aug. 7 to 9. Offered will be songs, crafts, games and learning about the Bible as it relates to you. This is for ages four years through sixth grade. There is no cost and the entire family is welcome. For further information contact Toby Wilson at (708)223-6249.

Lake Zurich

St. Peter United Church of Christ, 47 Church St., Lake Zurich is offering Vacation Bible School, "Island in the Son" the week of Aug. 6 through Aug. 10 from 9 to 11:45 a.m. A family program is scheduled for Friday, Aug. 10 at 7:30 p.m. Cost is \$5 per child.

Antioch

The Chain of Lakes Community Bible Church will be holding it's summer vacation Bible School Aug. 13 through 17 at Camp Moyoca in Antioch (Grass Lake Rd., just east of Rte. 83) from 9 a.m. to noon. The school is offered to children ages four through 10. Cost is \$3 for the session and will feature recreations, crafts, songs and refreshments. For more information or to register call (708)587-1650.

Lake Zurich

The St. Vincent de Paul Open Pantry will be from 1 to 3 p.m., on Friday, Aug. 3 at St. Francis de Sales Parish office on the corner of Buesching Rd. and Rte. 22.

PET PARADE

Helpful hints for doggies manners

by CATHIE SABIN
B.C. Dog Trainer

A new puppy, a new dog, new problems!

It really doesn't matter if this is your first or your 10th, all dogs and puppies are different and they have different problems. Who should you turn to for help? The best answer is someone who deals with these problems professionally—an obedience trainer.

Now the tricky part—how do you pick an instructor and a training method? Here are some suggestions that might be helpful:

- Call a number of training instructors (ads will be found newspapers, phone books, word of mouth, etc.)
- Visit the training facilities.

- While visiting the facility talk to students that are attending the class.
- Watch the class in progress.

When you talk either to the instructor or the assistant, ask the following questions. What is the class size? What is covered? Training method? Is the instructor helpful? The assistants? Is the instructor easy to talk to over the

phone? In person? Do they invite you to watch a class? If they don't offer, ask if you can. If they answer no, pass that instructor!

Is it clean, is the atmosphere friendly or uptight? Are you comfortable?

Ask questions! The best advertisement for the

instructor is the current students responses.

The class in progress will help you understand the methods. If you see something that bothers you, ask why it was done.

A rule of thumb, if you are not comfortable with the method, do not start the class, keep looking. If you

do sign up and find things you don't like, quit! Don't put yourself or your dog through it!

There are many instructors out there. There is no licence to teach obedience. The best judge of an instructor, the students attending.

Pointers On Pets Your New Cat

Bringing home a new cat is as big a step as welcoming any other new member of the family. You want to take the right steps to ensure a happy and healthy cat, and you want the rest of the family to enjoy all the benefits of feline companionship. Here are a few tips for making kitty fit right in:

- Establish ground rules as soon as possible, always making sure to give lots of praise when something is done correctly. Be firm when disciplining your pet, without shouting. Never punish your cat with physical or verbal abuse.

- Resist the urge to feed your pet table food; instead select a nutritionally complete cat food, like Whiskas meat or dry, which offers a variety of sizes, textures and flavors for virtually every age or size cat. Feed your cat at the same times each day, and always from its own bowl. Feeding bowls should be shallow, stable and easy to clean. Be sure to wash the bowl frequently, and keep it separate from other dishes.

- Born with sharp claws and the instinct to keep them in top condition, cats enjoy scratching—even the furniture. Protect your possessions by providing a scratching alternative, like a post made of carpet, heavy-duty corduroy or some other strong fabric that won't tear easily. The post should include an upright piece which is taller than the cat at full stretch and a stable base to prevent them both from toppling over.

An informative tip sheet on the care and feeding of cats is available free, from: Whiskas, 415 Madison Ave., New York, NY 10017.

Pet of the Month

Please Save Me

The owner of Trixie, Rae Gagnon recently passed away due to a heart attack. Trixie is staying with the Jerry Gagnon family and they love the little dog, but are unable to keep it because the youngest daughter has an allergy. Please find Trixie a home. She's house trained, spayed, about 5 years old & loves children. If a home can't be found, Trixie must be taken to the animal shelter. Interested parties please call (708)438-2569.

Antiques & Crafts

Antiques: safe maintenance and restoration

SONJA YOUNGWITH
Lakeland Newspapers
Amateurs' methods of preserving and restoring antiques are often more damaging than helpful. While amateurs' intentions are good, they almost ruin their antiques with homemade remedies and hot irons.

The following methods of preservation have been recommended by professional collectors. The most basic step toward maintained antiques is a safe climate. Humidity and sunlight are particularly damaging to antiques. Oil paintings and prints and most types of furniture

require 50 percent humidity and temperatures between 70 and 72 degrees. Air that is too dry makes oil paintings and prints brittle. Air that is too moist invites fungus.

Watercolors prefer dryer, well circulated air. Humidity between 40 and 50 percent and temperatures between 68 and 72 degrees make an ideal climate for watercolors.

Collectors can measure their homes' humidity with hygrometers. A safe climate can be maintained with a humidifier and a dehumidifier.

Although many collectors admire their antiques while washing dishes or relaxing in the tub, displaying antiques in kitchens and bathrooms is not recommended. The

moisture in these high humidity zones invites fungus.

Glassware especially should be kept away from dampness. Glass deteriorates under damp conditions.

Strong sunlight also is hazardous to antiques. Sunlight and fluorescent light disintegrate oil paintings, bleach watercolors and harm the structure of paper prints. Antique furniture may warp, twist and crack if continuously exposed to direct daylight.

Another step toward maintained antiques is safe washing habits. Amateurs should take special caution when cleaning their collections.

Oil paintings need an occasional dusting with a soft brush. Never use a dust

rag on an oil painting. The rag's threads will rip off flecks of loose paint.

Most types of furniture can be washed with good quality soap and warm water. However, before washing, collectors should test their soap and water solutions on small, inconspicuous portions of their furniture. If the wood streaks white, stop.

Otherwise continue washing with as little water as possible. Wash, rinse and dry small sections at a time.

Glassware should be washed with warm water, pure soap flakes and one-fourth cup ammonia per dishpan of water. By washing antique glass two or three times a year, collectors can protect their artifacts from dust, a cause of deterioration.

Exceptions to the soap and ammonia solution are glasses with gilt, silver and platinum decorations and champagne glasses. Film left behind by detergent spoils champagne bubbles.

Stains often can be removed with olive oil and a soft rag. Apply the oil to the glass and rub until its transparency returns and the excess oil is removed.

By following these guidelines, and by steering clear of homemade remedies, amateur collectors can keep their collections beautiful longer.

Antiques & Crafts

There's more to antiques than age

by **SONJA YOUNGWITH**
Lakeland Newspapers
American antiques range from 50 to 300 years old.

Age alone, however, does not make an object an antique. An antique should exhibit charm and creativity in concept or execution. An object may be an antique because it is unique or because it can be collected in matching sets.

Many people buy antiques simply because the objects strike their fancy. This is perfectly acceptable. There is something for everyone.

However, it is wise to consider how much room a home has for a collection and how much time a person has to collect. Furniture, for example, takes space, dolls require upkeep and some collectibles take time to find.

How much a person can afford to spend is also a consideration. Souvenir

spoons, bells and pressed glass are compatible with limited budgets. These antiques range from inexpensive to moderately expensive. Cameo glass, early silver and 18th century furniture are expensive and

are better left to collectors with large budgets.

To avoid a bad buy, collectors should check objects' authenticity and condition. Sometimes an item's authenticity is documented by bills, letters,

inventories and wills. More commonly, craftsmen's marks can be found, especially on china, silver and pewter objects. Frequently reproduced objects such as china, furniture and pressed glass

should be scrutinized. Never take an item's authenticity for granted.

Ideally, an antique's condition should be perfect. However, most collectors settle for cracked, worn, or corroded antiques.

Perhaps the most important factor to consider is the collector's personal taste. An object that is authentic, in good condition and reasonably priced is a good buy only if it satisfies the collector's eye.

CLC loop gives spikers chance to refine skills

by STEVE PETERSON
Lakeland Newspapers

It seems to happen almost every year.

A volleyball team from Lake County will reach the sectional final or supersectional round, one or two steps away from a trip to the Elite Eight. But the local team will go up against a suburban power and be eliminated.

The coach, obviously dejected, will praise the accomplishments of his or her team, but knows there is something missing. The players, although talented, do not play year-around. Clubs are not available in the area, or players are caught up with other sports.

But there is a movement to change all that.

"I have seen improvement in the level of players' confidence. Because they are playing more they gain more experience and experience means confidence," Warren Twp. High School volleyball coach Felicia Moscatelli said.

Moscatelli was taking a break Sunday during the semi-final rounds of the College of Lake County volleyball tournament. That's right - volleyball in the middle of the summer, with no beaches.

In the last two years, Stevenson and Carmel have advanced to the Supersectional round.

Moscatelli explained the league was open to incoming high school juniors and seniors. Teams had 15 players on the squad. Some came in casual shorts and tops while others had uniforms. The usual coaches were not on the sidelines per state rules, but some sent supervisors.

"The players are looking forward to the season now because they have developed their skills and know they will be prepared," Moscatelli said.

Round Lake coach Brian Brown, who kept score for the games, said the league was beneficial. "The competition level has been very good. I really like this. I know the girls never had this before," he said.

Teams competed in pool play before Sunday's four-hour tournament. St.

Viator, the eventual third-place winner, was 11-4 in pool one, Grayslake and Libertyville were 9-6, Deerfield 8-7, and Warren and Glenbrook South were 4-11.

As in the regular season, there were some surprises. Deerfield bounced back from a down year last year and Warren, despite the sub .500 league record, beat Grayslake to finish fourth in the tournament, falling to St. Viator for third.

In the other pool, everyone was looking up at Antioch. Round Lake was 11-4, Northwest Suburban Conference champ Marian Central 8-7, Zion-Benton 5-10 and Highland Park 2-13.

Moscatelli praised the cooperation of

CLC Athletic Dir. Curtis Gentry and Cindy Munda for allowing the league to play on Sundays. For some teams, the league at CLC meant a chance to prepare for early-season matches.

Antioch and Round Lake met last Oct. 26 to clash for the Antioch High Regional title. The two clash in the season-opening tournament at Jacobs and have an early-season match on the slate as well.

Antioch won the Regional title match and is touted by some to be the team to beat in Lake County this fall. The Sequoits were impressive in the league with a 15-0 record and then beat Warren and Round Lake in two games each to win

the championship.

In the first game of the title match, Antioch took a 9-1 lead early before the Panthers came back to within 12-8. But Antioch won 15-10, and then cruised in the second game 15-3 to win the title.

Antioch veterans who look to play key roles for coach Carla Thompson's team include: senior hitter Linda Stark, junior outside hitter Janelle Maki, senior middle hitter Teri Farnsworth, senior defense Jenny Hagen, senior middle hitter Deanna Olenick and senior setter-hitter Kelly Damron. Also on the team are: Kathie Folkey, Cathy Guenther, Jenni Kozenski, Kellyt Shaughnessy and Carrie Delany.

"I think the league will raise the level of volleyball in the area," Ernie VanEs, who supervised the Grayslake team, said.

As for the future of the league, Moscatelli hopes to expand to include more teams and hopefully have sponsors in 1991. Those interested in sponsoring the league may call Moscatelli at Warren, (708) 662-1400.

Brown said Sunday night was a perfect night to have the league because there is no competition from softball or tennis. "What else do you do on Sundays, watch tv?," Brown said.

And some players took care of missing the Simpson's show by wearing Bart t-shirts.

Volleyball notebook: Jan Albert will be coaching the junior varsity at Warren. Practices for all teams begin after a two-week rest following summer league, on Aug. 13 and most teams are pointing towards opening the season with the Jacobs tournament.

Round Lake had advanced to the final match with wins over Marian Central and a three-game struggle with St. Viator.

"It will get them more prepared going into the season," Gwen Varney, who supervised the Antioch contingent said.

Varney's team won t-shirts for winning the event, which began June 24. League officials are hoping with sponsors next year they will be able to award trophies and awards.

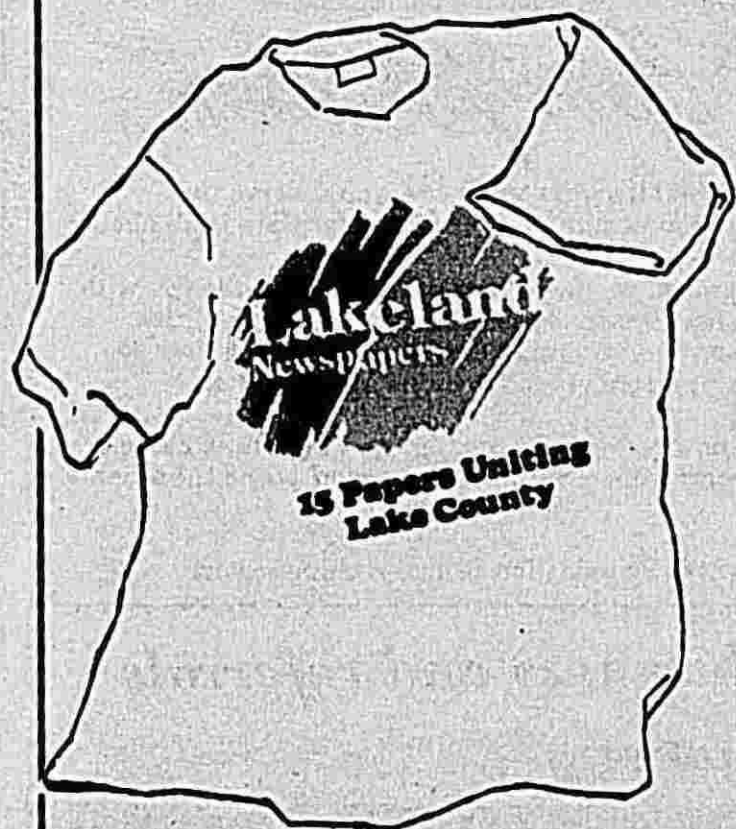

Ready for return

Warren Twp. High School volleyball players are ready for a return in contest against Antioch. Several Lake County high school teams competed in summer league tournament at the College of Lake County. Antioch won a season-ending tournament Sunday, topping Round Lake in two games.

Big Sister program working

During the first year of Big Brothers/Big Sisters of Lake County's expansion to provide Big Sisters for pregnant and single-parenting girls, 21 matches have been made between carefully screened and professionally trained and supervised volunteers, and girls, 18 and younger. As in the Big Brothers/Big Sisters core program, these One-To-One matches spend three to five hours per week together and make a commitment for at least a year. The expansion has been supported by grants from the Lake County board of Health, the Allstate Foundation and the United Way of Lake County.

At the one-year anniversary review of the first matches, the girls and their Big Sisters shared with excitement and broad smiles how their lives have changed in the past 12 months and why they are making a commitment to extend their mentoring relationship.

Kirha, who had just turned 15 when her baby Quinton was born, said she had felt very scared and alone. She was glad her junior high school nurse gave her information about Big Sisters for Pregnant/Single-Parenting girls. She was matched with her Big Sister

Pat Constabileo in May, 1989. A year later, Kirha seems different in many ways. "It isn't easy to go to school, work a job and take care of my baby, but I do it because I have to," said Kirha. "It really helps to have someone to talk to. My Big Sister tells me about how she raised her kids, and listens when I have a problem."

"It seems like we've been together for a lot longer" remarked Alesha, the 12-year-old mother of a 9 month old baby girl. "It's hard to remember when I

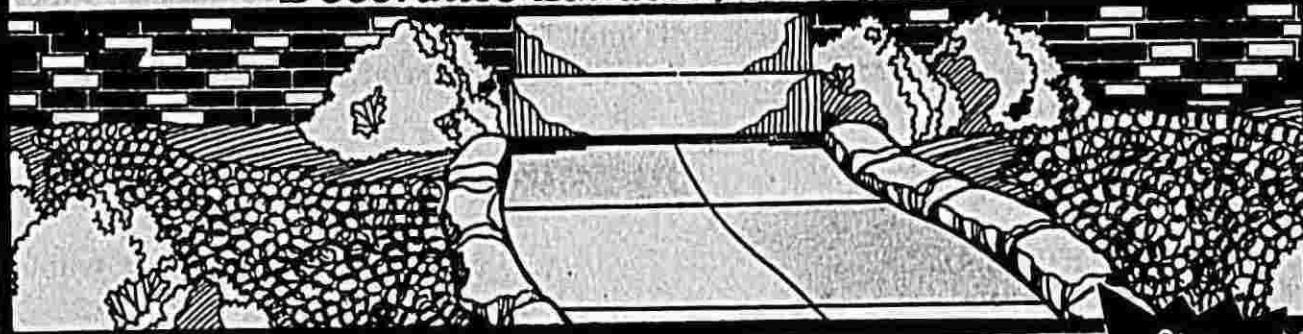

didn't have my Big Sister; we've done so many things."

The Big Sisters too have enjoyed working with the girls and meeting other volunteers at the required monthly training sessions where topics like self-esteem building, the birth process, safe sex, and child development are taught.

Women of all races are needed to help make a difference in the life of a pregnant or single-parenting girl and her infant. For more information call (708)360-0770.

Lake County Chiefs win title at stars tournament

When the Lake County Chiefs returned home, their bags were a little heavier and it wasn't just dirty baseball uniforms. The team of 15-year old All-Stars from Lake County brought home the first-place trophy from the Stars of Tomorrow tournament in LaCrosse, Wis.

This attracts top baseball teams from throughout the Midwest as teams from Wisconsin, Minnesota, Illinois, Iowa and Indiana competed for the title.

In an all-Lake County title game, the Chiefs beat Buffalo Grove 8-4.

The team's bats were red hot during the

tournament as the Chiefs hit .429 as a team and had an on-base average of .492. Scott Ellenwood of Round Lake led the team with an individual batting average of .666 followed by Jeff Cartwright of Zion with a .615, Marc Elizondo of Round Lake Beach at .600 and Alex Ortigosa of Grayslake at .500.

The team this week is competing in the Continental Amateur Baseball (CABA) Assn. World Series.

To reach the final round in LaCrosse, the Chiefs opened the tournament with an 11-0 win over Onalaska, Wis. and

followed that with an 11-1 win over Cumberland, Wis. Pat Lejman of Round Lake was the winning pitcher and Steve Taylor of Grayslake hurled two innings

against Onalaska. Jeff Randall of Round Lake Park was the winning pitcher against Cumberland.

(Continued to Page 40)

Libertyville foresome helps Fox Valley win

Four Libertyville High School players competed at the third annual Tournament of Champions Baseball Tournament in Ellisville, MO., playing for the Fox Valley squad, made up of McHenry and Libertyville players.

The invitational tournament featured some 20 teams from eight states in a double elimination format. With temperatures reaching 100 degrees, the boys played six games in two days and took home first-place honors.

Zac Adams played first base for Fox Valley and had a flawless tournament. Tim Kennedy had just received a

doctors' release and contributed defensively as well as at the bat. Matt Kosowski filled in at shortstop as Chris Fry was slated to start at shortstop but was sidelined because of a back injury.

In the first game, Fox Valley downed a Maryland team 8-3, then edged the defending champion Ellisville 2-1 and clubbed a team from Kansas 14-3. In the last two games, a Crystal Lake squad was a 14-4 victim of Fox Valley and in the championship game, Peoria Menomora fell 4-1 as Fox Valley scored all of its runs in the seventh inning.

The team was coached by Jim Albright and Greg DuFour from McHenry and Ron Fry from Libertyville.

Lakers qualify for tournament

A junior high school basketball team which includes players from Lake County competed in a national tournament in Indianapolis last week.

The Mid-Suburban Lakers have already achieved success this summer, but will be competing in an AAU tournament which once featured the players on the level of Patrick Ewing, now of the Knicks, Isiah Thomas of the Pistons and Illinois star Marcus Liberty.

The seventh grade Lakers won the basketball championship of the Prairie State Games eighth grade

level at Loyola Academy June 9 through 23. The team downed the North Shore All Stars 61-44 in the title game. Jason Strojnic was the leading scorer with 16 points from his forward position and Grayslake resident David Mandralla had 13 points and 11 assists as a point guard.

EYE CARE

News, Views & Questions About Your Eyes

By

Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: Can extreme nearsightedness be corrected?

ANSWER: The ability to treat or correct nearsightedness depends upon the cause and severity of the condition.

Nearsightedness means the eyeballs are elongated preventing light rays from focusing properly on the retina. For most people this elongation ceases at a certain point and their vision can be corrected through surgery or with glasses or contact lenses.

For some people, the elongation never stops. The eye slowly becomes more and more severely nearsighted and will eventually become blind.

In these cases, an ophthalmologist might recommend stopping the elongation process through a surgical procedure known as scleral reinforcement.

During this surgery, a strip taken from the white part (sclera) of a donated eye is wrapped around the patient's eye to reinforce it, preventing the eye from continuing to elongate.

While this procedure has proven effective in stopping the deterioration of vision it should not be expected to correct a person's eyesight.

Chiefs win title

(Continued from Page 39)

The second day of play featured more challenges. The Chiefs topped last year's winner Schaumburg 9-3. Ellenwood picked up the win with help from Cartwright, who had two scoreless innings. The last game of the qualifying rounds proved to be the toughest. The contest against Apple Valley, MN went nine innings before Jay Mansavage of Riverwoods' triple drove home Jermaine Williams of North Chicago. Ken Allen of Lincolnshire was two-for-four, Ortigosa was two-for-three, Jay Mansavage was three-for-four, Scott Garland of Vernon Hills was two-for-four, Williams of North Chicago two-for-three and Elizondo was three-for-three.

In the semi-final round, the Chiefs topped Holman, Wis. 7-6 with pitching duties shared by George Lozano of Zion and Taylor. In the final game against Buffalo Grove, Lejman was the winning pitcher and he was awarded the MVP by teammates. Mansavage was three-for-four;

Randall and Ellenwood were three-for-four; Sherman of Round Lake two-for-three and Cartwright, two for three.

The team had qualified for the CABA by winning a qualifying tournament in Rockford. They competed against teams from California, Maryland, Tennessee, Kansas, Wisconsin, Iowa, Arizona, Maryland, Kansas and Hawaii.

The heart of the Chiefs have been playing together for four years. As 12-year-olds they took second place in PONY competition. As 14-year-olds they took second in the state under AABC and first in state for CABA, advancing to the World Series in St. Joseph, Missouri, where they finished 10th.

"This year the team is older and I hope wiser. Last year the boys were a little in awe of what was happening around them and they didn't play their best ball. This year we have been preparing by playing tougher teams, entering more tournaments with 16-year-olds and we feel that we are ready. The boys are more intense and

focused on what they want from the tournament this year. They want to make it to the 'Final Eight'," Manager Art Mansavage said.

One of the highlights of the season for the Chiefs was the team's trip to Cooperstown, NY, where they won two

games over the July 4 weekend. The Chiefs swept the two games downing Endicott, NY 10-2 and Binghamton, 15-2. More than the victories, the players savored the thrill of playing in the shadows of Babe Ruth, Hank Aaron and other baseball greats.

Basketball tourneys set

For basketball players looking to improve their games, two basketball tournaments are coming up.

Lakeland Newspapers is offering a three-on-three tournament at the College of Lake County Aug. 11 and 12. Many divisions will be offered based on age, height, sex and level of basketball experience. Experience divisions range from no experience to varsity high school.

Games in "Summer Jam" will be played at CLC's gym. For more information, call (708) 223-8161.

The Waukegan Park Dist. will sponsor a

three-point shot championship during the City of Waukegan's LakefrontFest on Sunday, Aug. 5. The event is free and registration is now open to anyone ages 12 and older.

Registration forms are available at the following locations: Belvidere Recreation Center, 412 N. Lewis Ave.; Community Recreation Center, 724 S. Genesee St. and the Corine Rose Admin. Center, 2000 Belvidere St.

For more information, call Lonna Van Cleave, (708) 360-4726.

COLLEGE OF LAKE COUNTY**

THE 1990 "SUMMER JAM"

WHO: We invite everyone age 14 and over, regardless of playing experience, to participate in the tournament.

WHAT: It's a 3 on 3 basketball tournament with many divisions based on age, height, sex, and level of playing experience. All winning teams will advance in the winners' bracket, while losing teams are placed in a consolation bracket.

WHEN: All games will be played on Saturday, Aug. 11 and Sunday, Aug. 12, from 9:00 a.m. to 6:00 p.m. on both days.

WHERE: College of Lake County Gymnasium, 19351 West Washington St., Grayslake.

HOW: Please complete the attached registration form and mail to:
Lakeland Newspapers
30 S. Whitney St.
Grayslake, IL 60030
Attn: "Summer Jam"

"ENTRY DEADLINE IS AUGUST 3"
THE NUMBER OF ENTRIES IS LIMITED, SO DON'T DELAY!

HIGH SCHOOL/COLLEGE ELIGIBILITY
As a general rule, high school and NCAA players are eligible to play in the "Summer Jam" tournament. Illinois allows participation by high school athletes without roster limitations, only forbidding on-site coaching. However, "Summer Jam" is not responsible for determining a particular school's or athlete's eligibility. We suggest you contact your basketball coach or athletic director for further information.

American International to honor cancer patients

Fighting cancer is a difficult struggle. Overcoming it is a remarkable accomplishment, a milestone in life.

Twenty five former American International Hospital cancer patients who have survived cancer for more than five years will be honored during the third annual Celebrate Life Program Friday, Aug. 17., when the 115th tree will be planted in the American International Hospital Cancer Survivors Arboretum.

Each tree growing in the Arboretum, directly across the street from American International Hospital, represents a former patient who has survived cancer for five years, a benchmark when a cancer patient is considered cured by the American Cancer Society.

The survivors who will be recognized during the Celebrate Life include: Rachel Brown, Holcombe, Wis.; Sarah Callison, Libertyville; Catherine Cox, Beckley, W. Va.; Mary

Hanninen, Zion; Chester Jermakowicz, Spring Grove; Lois Keller, Litzitz, Pa.; Joseph Koch, Apollo Beach, Fla.; Peggy Lemke, Zion; Harlan Martin, Troy,

Pa.; Mary Moebling, Waukegan; Mary Moll, Lake Villa.

Susan Morse, Veneta, Ore.; Delores Oleson, Colgate, Wis.; Thomasita Os-

ario, Zion; Mary Perkins, Granville, Ill.; Gladys Punke, El Paso, Ill.; Juanita Rearick, Crown Point, Ind.; Shauna Ruegsegger, Virginia

Beach, Va.; Brigitta Schlatter, Switzerland; Charlett Schlicht, Waukegan; Hazel Stevens, Zion; Bernice Tune, Odessa, TX.; Anton Wachowiak, Winthrop Harbor; and Phillip Woycichosky, Manitowoc, Wis.

Bridge crash probe pushed

Police are continuing the investigation into the cause of a spectacular two-car crash on a bridge that tied up traffic and sent injured to two hospitals.

Fox Lake police talked to Joyce Silvestri, 50, of 42384 N. Woodbine Ave., Antioch, who is recovering in Northern Illinois Medical Center, McHenry, from injuries involved in a crash with a car driven by Dimtrios Vitogynanis, 24, of 1511 Palimino Dr., McHenry, who was taken to St. Therese Hospital.

Silvestri was interviewed last Monday in the hospital, a week after the collision on the Squaw Creek bridge on Grand Ave.-Rte. 59.

Police reported that the Silvestri car was north bound when it crossed into the south lane in the path of the other car.

Three persons in the Vitogynanis car were hurt and taken to the hospital. Injured were William, Peter and George Katris, all of 914 Main St., Antioch. Maria Katris, 15, of the same address, another passenger, was not hurt.

CLC offers extensions

The College of Lake County will offer classes at two new extension sites this fall. The Round Lake Area Library at 906 Hart Rd. in Round Lake, and the North Chicago Library at 1645 Lincoln in North Chicago are both holding selected classes at these locations.

For more information call the Adult Education Office at (708)223-3616.

Arrives For Duty

Army Pvt. Darrell Roche has arrived for duty at Fort Richardson, Alaska. He is a combat signaler with the 6th Signal Battalion. Roche is the son of Thomas C. Roche of Fox Lake. The private is a 1989 graduate of Grant Community High School, Fox Lake.

FOOT FACTS From The FOOT DOCTOR

Dr. Winters

Dr. Griff J. Winters & Assoc.
Specializing in Reconstructive Foot & Ankle Surgery

PLANTAR WARTS

Warts are caused by a virus infection and are often mistaken as corns and calluses. Warts on the bottom of the foot penetrate deep under the skin like a mushroom, because of pressure in standing. Unlike corns and calluses, the center encapsulated area usually has rust-colored spots that are small blood vessels and nerves that supply the wart. For this reason warts are more painful with side to side pinching.

Warts are contagious to susceptible people and are usually found in adolescents.

If the planter wart is small and discovered early, prescribed chemical agents often times are all that are needed. For large or resistant warts, we often times use Laser surgery that gives good results with minimal discomfort. This is done on an out-patient basis and the patient loses no time off his feet.

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a NO COST CONSULTATION to see if there may be an answer to your foot pain.

Drains Run Slow?

You'll never have a slow running, or clogged drain again! The secret? Clean drains don't run slow.

Slow drains, or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective,

they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind.

In the past, the only way to remove this build-up was to router your pipes. An expensive, temporary measure.

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with Plumb Clean. Its totally unique formula clings, and penetrates deep into the gook. That is what allows it to liquefy even years of build-up. Plumb Clean will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean with a money-back guarantee!

Saves Money. A 1 lb. container of Plumb Clean holds up to 41 drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. Plumb Clean costs about 35¢ per treatment. We don't know of anything that cleans drains for less.

Safe Too. Conventional drain openers are dangerous chemicals. They can injure eyes on contact. They can release deadly vapors, in some situations. Some may damage your fixtures. Plumb Clean will not burn skin, or eyes. It will not release harmful fumes. When used as directed, it is 100% safe for people, and of course, all plumbing.

So, if your drains are giving you a SIGNAL, act now. Get safe, guaranteed Plumb Clean today!

Separation sought for convenience store site

Although State Oil Co., against the wishes of numerous people, has acquired the land it needs to erect a gas station and convenience store, the village of Fox Lake as well as neighbors of the property are actively working to reach an agreement that would provide separation between the station and its neighbors.

The less than five-acre parcel of land is located on the corner of Grass Lake Rd. and State Park Rd., adjacent to Vacation Village and Leisure Village in Fox Lake.

The Fox Lake Planning and Zoning Commission had originally voted against the proposal but now that the previous owners of the land, Leisure Tech, have sold the land to State Oil Co., the commission wants to reach some sort of agreement that will make neighbors happy, according to Greg Murrey, chairman

of the Planning and Zoning Commission.

The board is planning on considering this proposal at their next board meeting which is scheduled for Aug. 7. However, work is currently underway to reach an agreement between State Oil Co. and neighbors of

the lot before the board votes on the proposal.

Bob DePauw, property manager for Vacation Village, said the Vacation Village Assn. is working very closely with the Fox Lake Village Board on an agreement.

"We are not pleased about a gas station being built so

close to us and we oppose the rezoning, but we are working with State Oil Co. and the Fox Lake trustees very closely to see about a separation. We want to work towards a solution, not against one," DePauw said. "Right now, we are looking for State Oil Co. to construct a berm or fences

around the property."

Murrey indicated State Oil Co. is being very cooperative and is considering the separation.

DePauw said negotiations are still going on and are moving slowly, but progress is being made.

As for Leisure Village, the other neighbor of the site,

President Howard Hamilton said the Leisure Village Assn. has not gone on record stating an opinion on the issue.

"It is up to each individual homeowner on whether or not they are opposed to the project. We have no opinion either way," he said.

Good Education Requires Someone To Look Up To.

In a world full of mixed signals and troubled leadership, our children need good examples. They need teachers with strong values and a balanced curriculum. They need a reason to pursue their highest goals. They don't need someone high-sounding, just someone with high standards.

Look into a Christian school education.

FOOT NOTES

HAMMERTOE DEFORMITY

A deformed toe is one of the most common conditions affecting the foot. This condition is often called a hammertoe, mallet toe or an overlapping toe.

A hammertoe is a flexible or rigid contraction of a toe. It is caused by a weakness in the small foot muscles of the foot which stabilize the toe. This muscle imbalance causes the toe bones to assume an abnormal position.

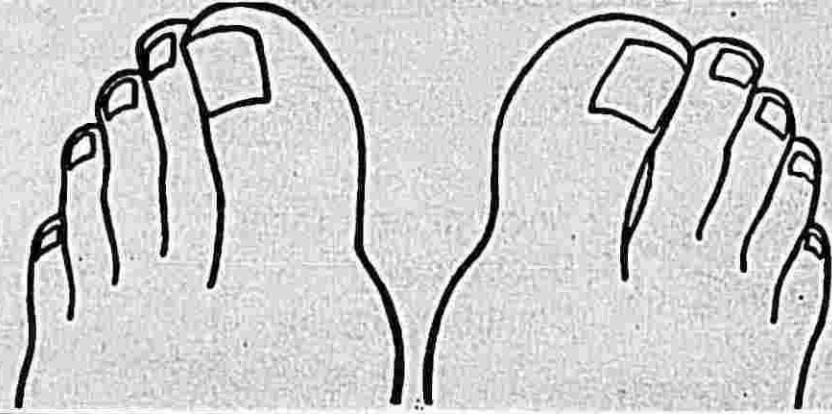

Shoes will often lead to abnormal pressure and friction on the top of the toe, resulting in a painful inflammation of the above toe joint. Often, this leads to a hard corn formation. If left untreated, this condition may progress in ulcers or infections.

Various forms of treatment available are trimming and padding of the corn, injections to relieve pain and inflammation, orthotics (inserts in shoes to correct improper walking), removing a section of toe bone to correct the deformity.

If you are suffering from this condition, or have any further questions, contact Dr. Lee M. Tisa for a NO COST CONSULTATION to discuss your treatment options.

First look at 4-lane highway

New Rte. 21 plans for 1994 unveiled

by JOSEPH SOULAK
Lakeland Newspapers

Milwaukee Ave. or Rte. 21 from Libertyville to Gurnee will get a new look in 1994. The winding, hilly two-lane highway will be improved to two lanes in each direction, hills cut down, curves eliminated, and intersections with cross streets or roads improved to reduce the accident potential.

First look at plans for the well-traveled thoroughfare were unveiled July 31 at a public meeting in Libertyville. This was the first of two meetings leading to a public hearing on the improvement in the summer of 1992 and bid letting in 1993 for construction in 1994.

Of the 50 persons who attended, most had questions about acquisitions of their property or ease in getting on and off the new highway. No objections were voiced.

Improvement of Rte. 21 is part of an overall area highway improvement plan that includes widening Rte. 45 near Winchester Rd., plans for a new Rte. 53 from the Cook County line to Rte. 120 and the realignment of Rte. 120.

The 4-1/2 mile improvement will be from Buckley Rd. or Rte. 137 in Libertyville north to Washington St. in Gurnee. There is no money to fund the

improvement another .4 mile from Washington St. to Grand Ave. or Rte. 134.

Today this 4-1/2 mile stretch carries 30,300 cars per day on the Libertyville

expected to reduce the number of motorists using Rte. 21.

There is ample room along most of the 80-foot right of way of Rte. 21 for the improvement, said Anthony Osnacz, sec-

tersections as Rte. 120, I-94, Casey Rd. and Brookhill Rd. near Bull Creek. The left-turn lanes at Ridge, Manchester and Spinney Run Rds. near Spinney Run Farms will remain.

No stop lights are planned beyond the one to be added in 1991 at Gages Lake Rd. The state does not add stop lights arbitrarily to highway improvements, Osnacz said, because they congest the traffic flow and add to the project cost. They will not be needed along the new Rte. 21, he added, because open median lanes will allow room for drivers to wait for a break in traffic. The medians will also reduce the need for deceleration lanes at most intersections.

In some areas the new highway will be elevated from its current level, depending upon hydraulics of the soil. Hills will be removed in other areas to improve sight distance. Curves will be wide sweeping, also to improve visibility. Blind spots will be eliminated at driveways and intersections such as Janas Ct., Egedi Ln., entrance to a landfill near the Lake County Grading property and the St. Sava Monastery.

The current 45-mile per hour speed limit will remain after the improvement.

Residents with mail boxes on opposite sides of Rte. 21 will still have to cross the busy highway, Osnacz said. "The post office is very reluctant to change," he said about routes or delivery locations.

Next public meeting on the Rte. 21 improvement will be in the spring of 1991, probably at Libertyville High School. Between now and then comments from the July 31 meeting will be incorporated into plans being drawn by CH2 Hill Inc., consulting firm for the improvement.

RTE. 21 IS WHERE ACCIDENTS HAPPEN-1986-87

ACCIDENTS	1986	1987	1988	Total
Running	26	41	38	125
Turning	32	32	43	107
Interchanges	6	11	16	33
11 other categories	27	30	43	100
Injuries	63	64	66	193
Fatalities	0	0	2	2

New lights for Gages Lake Rd.

Gages Lake Rd. and Rte. 21 or Milwaukee Ave. will get traffic signals in 1991. They will be installed by the Lake County division of the Illinois Dept. of Transportation. In addition to new

signals, there will be left-turn lanes for north and southbound traffic. Growing volumes of traffic, poor visibility at the T-intersection and the need to reduce accident potential are reason the lights will be added.

end and 16,900 at Washington St. By the year 2010 traffic is expected to increase to 34,000 cars daily at Buckley Rd. and 20,000 at Washington St. Improvements to Rte. 45 and other area highways are

tion chief for the Illinois Dept. of Transportation. His agency conducted the July 31 meeting at Libertyville High School. Where there is not sufficient property for the new alignment, particularly on curves, a small amount of land may be acquired from adjoining property owners.

How much land will be acquired depends upon the eventual width of the highway, medians to be added at intersections and whether there is curb and gutter in certain areas or gravel shoulders with ditches in others.

The current right of way also allows enough room for two lanes in each direction plus left-hand turn lanes at such in-

Full-serve gas stations struggle to keep pace

by BECKY JOHNS
Lakeland Newspapers

In one of the early scenes of Back to the Future (the first one), when Marty has gone to the fifties, a customer pulls up to a gas station and is overrun by attendants looking to wait on him. Marty is confused; he doesn't know what to make of the full-service gas stations of the Old Days.

The full-service gas station has gone the way of the Model A: sighting one on the road is enough to make someone sit up and take notice.

"I think the switch came in the mid-seventies, when the stations moved to mini-service," said Jerry Molitor, whose full-service Standard station in Round Lake closed recently. "Public acceptance was so great that the oil companies encouraged dealers to stress self-serve rather than full-serve."

But in the face of the more profitable self-serve stations, some full-serve do survive.

"I don't know that (the switch) hurt full-serve stations all that much," said Jim Bishop, executive vice-president of J & L Oil, which has only self-serve stations in the county. "They have their clientele."

Molitor said the main advantage of the self-serve station is one of profit. The self-serve stations require fewer employees for gasoline sales, although both may have repair garages. Many self-serve stations also feature Quick Marts, which are also high-profit ventures.

"To maximize the potential of any area, it has to be with self-service," said Molitor, who owned his full-service station for 36 years. It closed last month and will be replaced with a self-serve station, the land leased back to Amoco.

Bishop agreed an advantage of self-serve is one of fewer employees.

"The reason self-serve is more prevalent is labor. It takes four times as many people to staff a full-serve station," Bishop said.

Action Line by fred bigham

Dear Action Line,

Does recycling save money? My village just started recycling a few months ago and my garbage bill seems to be higher?

Curious

Dear Curious,

Recycling is something which has to be done if we are going to fit our garbage into our existing landfills, not a cost cutting measure as it once was.

Actually, in most Lake County areas it costs about \$1.00 to \$1.50 MORE per month to recycle at the present time. As tipping fees go up at local landfills it will then save money as the costs per load of garbage go up.

Action Line

Dear Action Line,

I was taken to the hospital by the local fire department ambulance recently. I'm back now and I got a bill for \$400. I am a senior citizen and can't afford this. Don't we pay taxes to the fire department?

Broke Senior

Dear Broke Senior,

The taxes we pay to the local fire districts are no longer enough to run the ambulance part of their services. The fire districts wish they didn't have to but that is the situation they're in.

I have good news for you though. After checking with the fire district and you, I was able to get Medicare to pay the bill for you.

Action Line

ACTION LINE is Lakeland Newspapers' way of helping our readers with problems involving government agencies. If you can't get a government agency to respond to your problem, write to ACTION LINE, c/o Lakeland Newspapers, 30 S. Whitney, Grayslake, IL 60030, and let us give it a try.

YOUR HOROSCOPE

by Charles King Cooper

ARIES (March 21 to April 19) Extra drive plus common sense bring career gains. Despite a run-in with a friend, social prospects brighten after dark. Charm and friendliness enhance your position with higher-ups. Legal affairs are in your favor. Make plans for a vacation.

TAURUS (April 20 to May 20) Judgment is good on the job and you'll have luck in establishing extra credit. Evening hours favor romance and leisure activities. You're not tongue-tied now when it comes to expressing romantic sentiments. Love flourishes, and home entertaining is a joy.

GEMINI (May 21 to June 20) Financial gain is likely. You'll accomplish more than usual at work. Later, you'll enjoy relaxing moments with a loved one. You may take up a new hobby or derive extra pleasure from an existing one. Don't be timid. Make the first move in romance.

CANCER (June 21 to July 22) Unexpected news comes from a relative. After clearing up odds and ends at home, you should go out for a night on the town. It's a busy time with much gadding about and many phone messages. After dark favors private moments with your nearest and dearest.

LEO (July 23 to August 22) Buying something on a lay-away plan is favored. Still, cut down on cash outlay. Social life surpasses your expectations tonight. Don't be a stick in the mud. Sign up for a course of study, or plan a trip. Doing something new enlivens your spirit.

VIRGO (August 23 to September 22) Private business meetings are favored. You may be drawn romantically to someone from afar or of a different background. Many friends get in touch with you today. Luncheon dates are favored, but later you'll want some time for yourself.

LIBRA (September 23 to October 22) New friends seem more under-

standing than others you've known for a long time. New projects make you enthusiastic about work. Singles may be down, and a visit to someplace special together will pick them up. A child may require bolstering.

SCORPIO (October 23 to November 21) Disappointment about a job concern shouldn't keep you from taking a chance on today's new offerings. A trip may be postponed. Don't brood about a problem. Keep the doors of communication open, and a settlement will be reached. Try new work techniques.

SAGITTARIUS (November 22 to December 21) A family member may voice disapproval about a romantic interest. Make those domestic changes you've been contemplating. A new idea is worth pursuing, but now you may easily become discouraged. Don't give up at the first sign of an obstacle.

CAPRICORN (December 22 to January 19) A financial worry shouldn't keep you from taking advantage of an offer for a good time. An unexpected invitation may arrive. You may be too much of a disciplinarian at home base. Fellow club members will appreciate your take-charge attitude. Speak up.

AQUARIUS (January 20 to February 18) Self-doubt is your chief obstacle now. Take a chance on a new project. Be close-mouthed about recent career developments. An object you thought valueless may be worth more than you think. Friends are deaf to requests now. Don't ask favors.

PISCES (February 19 to March 20) Don't approach higher-ups with new ideas yet. Still, you can continue to work on your presentation. New friends come into your life. Some early morning blues will dissipate, once you share your thoughts with others. An unlooked-for opportunity arises.
